The Dictionary of Lost Words - Pip Williams 2021-04-06

NEW YORK TIMES BESTSELLER • REESE'S BOOK CLUB PICK • “Delightful . . . [a] captivating and slyly subversive fictional paean to the real women whose work on the Oxford English Dictionary went largely unheralded.”—The New York Times Book Review “A marvelous fiction about the power of language to elevate or repress.”—Geraldine Brooks, New York Times bestselling author of *People of the Book* Esme is born into a world of words. Motherless and irrepressibly curious, she spends her childhood in the Scriptorium, an Oxford garden shed in which her father and a team of dedicated lexicographers are collecting words for the very first Oxford English Dictionary. Young Esme's place is beneath the sorting table, unseen and unheard. One day a slip of paper containing the word *bondmaid* flutters beneath the table. She rescues the slip and, learning that the word means “slave girl,” begins to collect other words that have been discarded or neglected by the dictionary men. As she grows up, Esme realizes that words and meanings relating to women's and common folks' experiences often go unrecorded. And so she begins in earnest to search out words for her own dictionary: the Dictionary of Lost Words. To do so she must leave the sheltered world of the university and venture out to meet the people whose words will fill those pages. Set during the height of

the women's suffrage movement and with the Great War looming, *The Dictionary of Lost Words* reveals a lost narrative, hidden between the lines of a history written by men. Inspired by actual events, author Pip Williams has delved into the archives of the Oxford English Dictionary to tell this highly original story. *The Dictionary of Lost Words* is a delightful, lyrical, and deeply thought-provoking celebration of words and the power of language to shape the world. Elizabeth Macarthur - Michelle Scott Tucker 2018-04-02

'An intimate portrait of a woman who changed herself and Australia...Michelle Scott Tucker makes Elizabeth Macarthur step off the page.' David Hunt, Author of *Girt In 1788* a young gentlewoman raised in the vicarage of an English village married a handsome, haughty and penniless army officer. In any Austen novel that would be the end of the story, but for the real-life woman who became an Australian farming entrepreneur, it was just the beginning. John Macarthur took credit for establishing the Australian wool industry and would feature on the two-dollar note, but it was practical Elizabeth who managed their holdings—while dealing with the results of John's manias: duels, quarrels, court cases, a military coup, long absences overseas, grandiose construction projects and, finally, his descent into certified insanity. Michelle Scott Tucker shines a light on an often-overlooked aspect of Australia's history in this fascinating story of a remarkable woman. Michelle Scott Tucker owns and operates a management consulting company, and lives on a small farm in regional Victoria with her husband and children. Elizabeth Macarthur is her first book. 'Tucker's great achievement is to have scraped back the familiar historical material to uncover a fresh and compelling portrait of Elizabeth Macarthur in her own words and the words of those who knew her.' Australian 'In writing this lively, entertaining and profoundly empathetic biography, [Tucker] has also brought other colonial women out of the shadows and told their story too...There are not many biographies or histories of Australia that are unputdownable, but this one is. Highly recommended!' ANZ LitLovers 'The triumphs and trials of Elizabeth Macarthur, a capable business woman and dedicated wife and mother, are given their due in this impressively researched biography.' Brenda Niall 'This carefully researched history is a highly interesting read that highlights the importance of women in the settlement of New South Wales.' Otago Daily Times 'Finally, Elizabeth Macarthur steps out from the long shadow of her infamous, entrepreneurial husband. In Michelle Scott Tucker's devoted hands, Elizabeth emerges as a canny businesswoman, charming diplomat, loving mother and indefatigable survivor. A fascinating, faithful portrait of a remarkable woman and the young, volatile colony she helped to build.' Clare Wright 'A nourishing, fascinating, and eye-opening read.' Alpha Reader 'Tucker expertly details the trials, tragedies and triumphs of the early settlement of NSW...This book is an important historical memoir documenting the incredible life of an Australian pioneer and her role as the matriarch of one of Australia's first agricultural dynasties.' Countryman 'Elizabeth Macarthur: A Life at the Edge of the World is a great read. It crafts a compulsive story with good research, giving a convincing look into colonial New South Wales. It offers the pleasures of fine biography in tracing one person's life in all its seasons, through its successes and failures, joys and miseries.' NathanHobby blog 'A stunning and intimate look at Elizabeth [Macarthur] and the family's lives...Should be required reading in schools...An informative and learned look at colonial history.' The Court of Last Resort - Erle Stanley Gardner 2017-04-11

Edgar Award Winner: True stories of miscarriages of justice, legal battles, and landmark reversals, by the creator of Perry Mason. In 1945, Erle Stanley Gardner, noted attorney and author of the popular Perry Mason

mysteries, was contacted by an overwhelmed California public defender who believed his doomed client was innocent. William Marvin Lindley had been convicted of the rape and murder of a young girl along the banks of the Yuba River, and was awaiting execution at San Quentin. After reviewing the case, Gardner agreed to help—it seemed the fate of the “Red-Headed Killer” hinged on the testimony of a colorblind witness. Gardner's intervention sparked the Court of Last Resort. The Innocence Project of its day, this ambitious and ultimately successful undertaking was devoted to investigating, reviewing, and reversing wrongful convictions owing to poor legal representation, prosecutorial abuses, biased police activity, bench corruption, unreliable witnesses, and careless forensic-evidence testimony. The crimes: rape, murder, kidnapping, and manslaughter. The prisoners: underprivileged and vulnerable men wrongly convicted and condemned to life sentences or death row with only one hope—the devotion of Erle Stanley Gardner and the Court of Last Resort. Featuring Gardner's most damning cases of injustice from across the country, *The Court of Last Resort* won the Edgar Award for Best Fact Crime. Originating as a monthly column in *Argosy* magazine, it was produced as a dramatized court TV show for NBC.

Edifying Justice - Paul Arthur Cassidy 2011-12-06

As the first volume of a multi-volume set, this short collection of essays, entitled *Edifying Justice: A Wellspring of Healing*, describes the changes by which the Criminal Judicial System might serve the whole scope of justice effectively. With the Criminal Judicial System as its object of change, this collection of essays explores the logic and historical precedents behind the idea of complementing the Criminal Judicial System with a counter-balancing judicial arm. It explains why the current judicial arm, though suitable to the task of investigating crime and dispensing punishment, is hardly suitable to the task of investigating civilness and dispensing reward nor to the task of adjudicating a certain category of offenses. While intended for a general audience, this collection of essays figuratively places readers in the role of jurists and legislators who are tasked to transform the abstract concept of a balanced, two-armed Criminal Judicial System into concrete action. Given how distant is the completion of that epic task, the essays more immediate aim is to persuade readers to value the full scope of justice and to prize the fairer half.

Poor Fellow My Country - Xavier Herbert 2014

Poor Fellow My Country is an Australian classic, perhaps THE Australian classic' - The Times Literary Supplement. From Australia's oldest publisher comes the longest Australian novel ever published. The winner of the 1975 Miles Franklin Award is now back in print with a new introduction by Russell McDougall. In *Poor Fellow My Country*, Xavier Herbert returns to the region made his own in Capricornia: Northern Australia. Ranging over a period of some six years, the story is set during the late 1930s and early 1940s; but it is not so much a tale of this period as Herbert's analysis and indictment of the steps by which we came to the Australia of today. Herbert parallels an intimate personal narrative with a tale of approaching war and the disconnect between modern Australia and its first inhabitants. With enduring portraits of a large cast of local and international characters, Herbert paints a scene of racial, familial and political disparity. He lays bare the paradoxes of this wild land, both old and wise, young and flawed. Winner of the Miles Franklin award on first publication in 1975, *Poor Fellow My Country* is masterful storytelling, an epic in the truest sense. This is the decisive story of how Australia threw away her chance of becoming a true commonwealth and it is undoubtedly Herbert's supreme contribution to Australian literature. Will we ever reach the dream of 'Australia Felix' - the happy south land?

This Nonviolent Stuff'll Get You Killed - Charles E. Cobb 2014-06-03

Visiting Martin Luther King, Jr. at the peak of the civil rights movement, the journalist William Worthy almost sat on a loaded pistol. "Just for self-defense," King assured him. One of King's advisors remembered the reverend's home as "an arsenal." Like King, many nonviolent activists embraced their constitutional right to self-protection—yet this crucial dimension of the civil rights struggle has been long ignored. In *This Nonviolent Stuff'll Get You Killed*, civil rights scholar Charles E. Cobb, Jr. reveals how nonviolent activists and their allies kept the civil rights movement alive by bearing—and, when necessary, using—firearms. Whether patrolling their neighborhoods, garrisoning their homes, or firing back at attackers, these men and women were crucial to the movement's success, as were the weapons they carried. Drawing on his firsthand experiences in the Southern Freedom Movement and interviews with fellow participants, Cobb offers a controversial examination of the vital role guns have played in securing American liberties.

With the extra duties she's taking on, Haley's positioning herself to be Employee of the Month. But when Haley discovers former Holt's employee Asha McLean shot dead behind the store during orientation training, it turns out there's more to die for than hot designer deals. The ensuing negative publicity could force Holt's to close its doors permanently, sinking the surrounding shopping center--and Haley's job--into oblivion. Haley can't fathom why anyone would harm Asha--until she learns that her former coworker, who secretly lived in Sherman Oaks and owned a mint BMW, was seriously shady. Upon closer inspection, Asha's duplicitous lifestyle not only earned lots of cash, but plenty of mortal enemies. As authorities question her innocence and business wanes, Haley's desperate to sack the murderer and save Holt's in time.
