[Karl Kautsky on Democracy and Republicanism](#) - Karl Kautsky 2020-10-13

Karl Kautsky's essential works on Democracy, translated into English for the first time.

[The Social Revolution](#) - Karl Kautsky 1916

*The Social Revolution and On the Morrow of the Social Revolution* - Karl Kautsky 1903

[The Road to Power](#) - Karl Kautsky 1909

**Letters to Karl and Luise Kautsky from 1896 to 1918** - Rosa Luxemburg 1975

**Karl Kautsky and the Social Science of Classical Marxism** - Kautsky 2022-05-16

*The Social Revolution* - Karl Kautsky 1902

*Georgia, a Social-democratic Peasant Republic, Impressions and Observations* - Karl Kautsky 1921

*The State and Revolution* - V. I. Lenin 2024-01-30

Lenin's most important and controversial theoretical text Lenin's booklet *The State and Revolution* struck the world of Marxist theory like a lightning bolt. Written in the months running up to the October Revolution of 1917, Lenin turned the traditional socialist concept of the state on its head, arguing for the need to smash the organs of the bourgeois state to create a 'semi-state' of soviets, or workers' councils, in which ordinary people would take on the functions of the state machine in a new and radically democratic manner. This new edition includes a substantial introduction by renowned theorist Antonio Negri, who argues for the continued relevance of these ideas.

[Terrorism and Communism](#) - Karl Kautsky 2012-11-12

First published in English in 1920, this work is a reissue of Karl Kautsky's seminal work dealing with the origins and history of the forces at work in revolutionary epochs, which offers pathbreaking insights on the development of civilisation. The opening chapters, dealing with eighteenth century France, are of special interest to the student of the French revolution. The section devoted to the Commune of Paris offers a stimulating and provocative description of this famous government of the working class. The reissue of this controversial and extraordinary work will be welcomed by all those interested in the history of Communism in particular and the theory and history of revolution in general.

[The Class Struggle \(Erfurt Program\)](#) - Karl Kautsky 1910

[The Socialist Republic](#) - Karl Kautsky 1918

*Bolshevism at a Deadlock* - Karl Kautsky 1931

**The Proletarian Revolution and the Renegade Kautsky** - Vladimir Ilyich Lenin 2016-09-07

Kautsky's pamphlet, *The Dictatorship of the Proletariat*, recently published in Vienna (Wien, 1918, Ignaz Brand, pp. 63) is a most lucid example of that utter and ignominious bankruptcy of the Second International about which all honest socialists in all countries have been talking for a long time. The proletarian revolution is now becoming a practical issue in a number of countries, and an examination of Kautsky's renegade sophistries and his complete renunciation of Marxism is therefore essential. First of all, it should be emphasised, however, that the present author has, from the very beginning of the war, repeatedly pointed to Kautsky's rupture with Marxism. A number of articles

published between 1914 and 1916 in *Sotsial-Demokrat* and *Kommunist*, issued abroad, dealt with this subject. These articles were afterwards collected and published by the Petrograd Soviet under the title *Against the Stream*, by G. Zinoviev and N. Lenin (Petrograd, 1918, pp. 550).

*The Social Revolution* - Karl Kautsky 1902

*The Proletarian Revolution and Renegade Kautsky* - Vladimir Il'ich Lenin 1934

**Karl Kautsky. - (Manchester): Manchester Univ. Press (1987). VIII, 146 S. 8°** - Dick Geary 1987

*The Road to Power* - Karl Kautsky 1996

Karl Kautsky was the leading theorist, interpreter, and popularizer of Marxism in the generation after Marx and Engels. His *Road to Power* was a highly controversial political pamphlet in imperial Germany in 1909, and this book includes a new translation of this important document.

*Karl Kautsky, Selected Political Writings* - Karl Kautsky 1983

**The Social Revolution. Translated by A.M. and May Wood Simons** - Karl 1854-1938 Kautsky 2023-07-18

Karl Kautsky's seminal work explores the social revolution that swept through Europe in the early 20th century. Translated by A.M. and May Wood Simons, this classic text offers an incisive analysis of the revolutionary movements of the era and their impact on society and politics. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. **Marxism and Leninism** - John H. Kautsky 2001-12-31

This volume develops the argument that Marxism and Leninism are two quite different ideologies. It counterposes this view with the commonly accepted one of Leninism as simply one form of Marxism. The identification of Marxism and Leninism with each other has been responsible for great confusion.

Political Science

*Social Democracy Versus Communism* - Karl Kautsky 1979

**Socialism, Fascism, Communism** - Joseph Shaplen 1934

**The Dictatorship of the Proletariat** - Karl Kautsky 1981

Kautsky's assault on the dictatorship of the proletariat as practiced by the Bolsheviks after the Russian Revolution is one of the most remarkable and controversial documents in the history of Marxism. Written in 1918, it brought attacks from Trotsky and Bukharin and provoked Lenin to Write *The Proletarian Revolution and Renegade Kautsky*.

**The Proletarian Revolution and the Renegade Kautsky** - Vladimir Lenin 2022-09-15

"The Proletarian Revolution and the Renegade Kautsky," is an influential work where Vladimir Lenin defended the Bolsheviks against criticisms made against them by Karl Kautsky. Lenin's pamphlet was part of an ongoing debate between different Bolshevik leaders and the social democrat Kautsky about the function of democracy and force in the transition to socialism.

[Karl Kautsky and the Socialist Revolution 1880-1938](#) - Massimo Salvadori 2016-02-23

This first modern study provides an original and balanced perspective of a theorist whom Lenin referred to as both 'master of Marxism' and 'renegade'. Examining Kautsky's political thought over a period stretching from the Paris Commune to the Second World War, the author argues for the consistency with which Kautsky developed his positions on socialism, democracy, political parties and the role of the proletariat. While Salvadori's analysis is grounded in the debates within the Communist International and the German labour movement, Kautsky emerges as a distinctly modern thinker who produced a Marxist theory of the state, and originated critique of the USSR as a 'state capitalist' system. At this level, it provides a serious and measured exposition of the terms on which arguments for socialist strategy currently move.

**Karl Kautsky and the Socialist Revolution** - Massimo Salvadori 1979-06-01

[Karl Kautsky, 1854-1938](#) - Gary P. Steenson 1978

'This outstanding political biography traces the development of Kautsky as a thinker and a Socialist. The author treats Kautsky with respect and affection without minimizing his weaknesses. In fact, this work could serve as a model for political biographies: it is meticulously researched in archives and libraries; it is written in good, clear, declarative sentences, and it avoids the major pitfall of polemicizing instead of enlightening.' -Bernard K. Johnpoll, Labor History

**Selected Political Writings** - Karl Kautsky 1983-12-01

[Marxism and Leninism](#) - John H Kautsky 1994

This work challenges the view that there is such a thing as Marxism-Leninism, arguing that the two have always been two distinct ideologies, despite the employment of a common vocabulary. Differences in attitudes to labour and revolutionary movements, and other matters, are highlighted.

[The Proletarian Revolution and the Renegade Kautsky](#) - V. I. Lenin 2017-07-19

Lenin's major polemic against Karl Kautsky, a leader of the Socialist International who became a major opponent of the Great October Socialist Revolution in Russia

[The Labour Revolution \(Routledge Revivals\)](#) - Karl Kautsky 2013-09-05

First published in English in 1924 this ambitious work, by the famous Marxist theoretician Karl Kautsky, aims to provide nothing less than an "exposition of the methods to introduce socialism" amongst the capitalist economies of Europe in the post-World War One era. Looking back on the experiences of the German socialist movement and looking forwards to the likelihood of a Labour government in Great Britain, he discusses the problems facing a labour revolution in Europe, with particular reference to the role of the middle classes, the transitional period between capitalism and socialism, and the economic impact of a socialist revolution.

**Karl Kautsky and the Socialist Revolution 1880-1938** - Massimo Salvadori 2016-02-23

This first modern study provides an original and balanced perspective of a theorist whom Lenin referred to as both 'master of Marxism' and 'renegade'. Examining Kautsky's political thought over a period stretching from the Paris Commune to the Second World War, the author argues for the consistency with which Kautsky developed his positions on socialism, democracy, political parties and the role of the proletariat. While Salvadori's analysis is grounded in the debates within the Communist International and the German labour movement, Kautsky emerges as a distinctly modern thinker who produced a Marxist theory of the state, and originated critique of the USSR as a 'state capitalist' system. At this level, it provides a serious and measured exposition of the terms on which arguments for socialist strategy currently move.

**The Twelve who are to Die** - 1922

[The Road to Power](#) - Karl Kautsky 2021-07-13

Karl Johann Kautsky was a Czech-Austrian philosopher, journalist, and Marxist theoretician. Kautsky was one of the most authoritative promulgators of orthodox Marxism after the death of Friedrich Engels in 1895 until the outbreak of World War I in 1914. He was the most important socialist theorist during the years of the Second International. In *The Road to Power*, Kautsky argues that the time for revolution has not yet passed. Kautsky argues that the revolutionary energy of the bourgeoisie was channeled by Bismarck into project to throw "a few German princes from their thrones", overthrow the French Empire and support for Italian unification. Kautsky continues to point out that in 1904 he predicted that workers would revolt in Russia, joining with the bourgeoisie to establish representative government. He proceeds to note and predict a continuation of a political awakening China, India, Egypt, Morocco, Persia and Turkey. He predicts that violent revolution is unlikely in Europe because of the strength of modern armies, except in Russia. Finally, Kautsky argues that Marxism is a historical determinism because the will itself is not free. *The Road to Power* had a large impact on the Bolsheviks and was used to justify the October Revolution.
