Living with the Monks - Jesse Itzler 2019-10-15

Equal parts memoir and road map to living a less stressful and more vibrant life, bestselling author Jesse Itzler offers an illuminating, entertaining, and unexpected trip for anyone looking to feel calmer and more controlled in our crazy, hectic world. Entrepreneur, endurance athlete, and father of four Jesse Itzler only knows one speed: Full Blast. But when he felt like the world around him was getting too hectic, he didn't take a vacation or get a massage. Instead, Jesse moved into a monastery for a self-imposed time-out. In *Living with the Monks*, the follow-up to his *New York Times* bestselling *Living with a SEAL*, Jesse takes us on a spiritual journey like no other. Having only been exposed to monasteries on TV, Jesse arrives at the New Skete religious community in the isolated mountains of upstate New York with a shaved head and a suitcase filled with bananas. To his surprise, New

Skete monks have most of their hair. They're Russian Orthodox, not Buddhist, and they're also world-renowned German shepherd breeders and authors of dog-training books that have sold in the millions. As Jesse struggles to fit in amongst the odd but lovable monks, self-doubt begins to beat like a tribal drum. Questioning his motivation to embark on this adventure and missing his family (and phone), Jesse struggles to balance his desire for inner peace with his need to check Twitter. But in the end, Jesse discovers the undeniable power of the monks and their wisdom, and the very real benefits of taking a well-deserved break as a means of self-preservation in our fast-paced world.

The Red Circle - Brandon Webb 2012-04-10

Explosive, revealing, and intelligent, *The Red Circle* provides a uniquely personal glimpse into one of the most challenging and secretive military training courses in the world. Now including an excerpt from *The Killing*

School: Inside the World's Deadliest Sniper Program BEFORE HE COULD FORGE A BAND OF ELITE WARRIORS... HE HAD TO BECOME ONE HIMSELF. Brandon Webb's experiences in the world's most elite sniper corps are the stuff of legend. From his grueling years of training in Naval Special Operations to his combat tours in the Persian Gulf and Afghanistan, The Red Circle provides a rare and riveting look at the inner workings of the U.S. military through the eyes of a covert operations specialist. Yet it is Webb's distinguished second career as a lead instructor for the shadowy "sniper cell" and Course Manager of the Navy SEAL Sniper Program that trained some of America's finest and deadliest warriors-including Marcus Luttrell and Chris Kyle-that makes his story so compelling. Luttrell credits Webb's training with his own survival during the ill-fated 2005 Operation Redwing in Afghanistan. Kyle went on to become the U.S. military's top marksman, with more than 150

confirmed kills. From a candid chronicle of his student days, going through the sniper course himself, to his hair-raising close calls with Taliban and al Qaeda forces in the northern Afghanistan wilderness, to his vivid account of designing new sniper standards and training some of the most accomplished snipers of the twenty-first century, Webb provides a rare look at the making of the Special Operations warriors who are at the forefront of today's military.

Lone Survivor - Marcus Luttrell
2007-06-12

Follow along a Navy SEAL's firsthand account of American heroism during a secret military operation in Afghanistan in this true story of survival and difficult choices. On a clear night in late June 2005, four U.S. Navy SEALs left their base in northern Afghanistan for the mountainous Pakistani border. Their mission was to capture or kill a notorious al Qaeda leader known to be ensconced in a Taliban stronghold surrounded by a small but heavily armed force. Less than twenty-four hours later, only one of those Navy SEALs remained alive. This is the story of fire team leader Marcus Luttrell, the sole survivor of Operation Redwing, and the desperate battle in the mountains that led, ultimately, to the largest loss of life in

Navy SEAL history. But it is also, more than anything, the story of his teammates, who fought ferociously beside him until he was the last one left-blinded unconscious by a rocket grenade, blown over a cliff, but still armed and still breathing. Over the next four days, badly injured and presumed dead, Luttrell fought off six al Qaeda assassins who were sent to finish him, then crawled for seven miles through the mountains before he was taken in by a Pashtun tribe, who risked everything to protect him from the encircling Taliban killers. A six-foot-five-inch Texan, Leading Petty Officer Luttrell takes us, blow by blow, through the brutal training of America's warrior elite and the relentless rites of passage required by the Navy SEALs. He transports us to a monstrous battle fought in the desolate peaks of Afghanistan, where the beleaguered American team plummeted headlong a thousand feet down a mountain as they fought back through flying shale and rocks. In this rich, moving chronicle

of courage, honor, and patriotism, Marcus Luttrell delivers one of the most powerful narratives ever written about modern warfare - and a tribute to his teammates, who made the ultimate sacrifice for their country.

Victory Point - Ed Darack
2009-04-07

In late June 2005, media sources recounted the tragic story of nineteen U.S. special operations personnel who died at the hands of insurgent / terrorist leader Ahmad Shah - and the lone survivor of Shah's ambush-deep in the Hindu Kush Mountains of Afghanistan. The harrowing events of Operation Red Wings marked an important-yet widely misreported-chapter in the Global War on Terror, the full details of which the public burned to learn. In Victory Point, globally published author and photographer Ed Darack reveals the complete,

as-yet untold, story of Operation Red Wings (often mis-referenced as "Operation Redwing"), and the follow-on mission, Operation Whalers. Together, these two U.S. Marine Corps operations (that in the case of Red Wings utilized Navy SEALs for its opening phase) unfurl not as a mission gone terribly wrong, but of a complex and difficult campaign that ultimately saw the demise of Ahmad Shan and his small army of barbarous fighters. Due to the valor, courage and commitment of the 2nd Battalion of the 3rd Marine Regiment in the summer of 2005, Afghanistan was able to hold free elections that Fall. Here is the inspiring true account of heroism, duty, and brotherhood between Marines fighting the War on Terror.

13 Hours - Mitchell Zuckoff
2014-09-09

The harrowing, true account from the brave men on the ground who fought back during the Battle of Benghazi. *13 Hours* presents, for the first time ever, the true account of

the events of September 11, 2012, when terrorists attacked the US State Department Special Mission Compound and a nearby CIA station called the Annex in Benghazi, Libya. A team of six American security operators fought to repel the attackers and protect the Americans stationed there. Those men went beyond the call of duty, performing extraordinary acts of courage and heroism, to avert tragedy on a much larger scale. This is their personal account, never before told, of what happened during the thirteen hours of that now-infamous attack. *13 Hours* sets the record straight on what happened during a night that has been shrouded in mystery and controversy. Written by New York Times bestselling author Mitchell Zuckoff, this riveting book takes readers into the action-packed story of heroes who laid their lives on the line for one another, for their countrymen, and for their country. *13 Hours* is a stunning, eye-opening, and intense book--but most importantly, it is the truth. The

story of what happened to these men--and what they accomplished--is unforgettable.

William Wilberforce - William Hague 2007

A major biography of abolitionist William Wilberforce, the man who fought for twenty years to abolish the Atlantic slave trade.

Global Jihadism - Jarret M. Brachman 2008-09-03

Global Jihadism exposes the core doctrine and strategy of today's global Jihadist movement. The first half of the book explores the ideas upon which groups such as Al Qaeda are built, including the concepts of Jihad, al-Wala wal-Bara, Takfir and Tawhid. Jarret Brachman exposes a genre of Jihadist strategic scholarship that has been virtually ignored in the West and helps to situate it within the broader Salafist religious movement. The second half explores the thinking and activities of Al Qaeda's propaganda machine, explaining its intricacies and idiosyncrasies. It includes case studies on the rise and fall of global Jihadist terrorism in

Saudi Arabia post-9/11, and highlights the explosive results of bringing theory to bear on practice in the United Kingdom over the past twenty years. The book concludes by providing innovative strategies for combating the global Jihadist ideology.

The Way Forward - Robert O'Neill 2022-03-01

NATIONAL BESTSELLER "The Way Forward will help every reader master their own challenges—this is a must-read book!" —Admiral Bill McRaven, U.S. Navy (Retired) and author of the #1 New York Times bestseller *Make Your Bed* American Sniper meets *Make Your Bed* in these life lessons from decorated United States service members and New York Times bestselling authors Robert O'Neill and Dakota Meyer—an in-depth, fearless, and ultimately redemptive account of what it takes to survive and thrive on battlefields from Afghanistan and Iraq to our daily lives, and how the perils of war help us hold onto our humanity. Rob O'Neill and Dakota Meyer are

two of the most decorated and recognized US service members: O'Neill killed the world's most wanted man, Osama bin Laden, and Meyer was the first living Marine to receive the Medal of Honor since the Vietnam War. But beyond their actions and courage in combat, O'Neill and Meyer also have much in common in civilian life: they are both sought-after public speakers, advocates for veterans, and share a non-PC sense of humor. Combining the best of military memoirs and straight-talking self-help, *The Way Forward* alternates between O'Neill's and Meyer's perspectives, looking back with humor at even the darkest war stories, and sharing lessons they learned along the way. *The Way Forward* presents O'Neill and Meyer's philosophy in combat and life. This isn't a book about the glory of war and combat, but one about facing your enemies, some who are flesh and blood and some that are not: Your thoughts. Your doubts. Your boredom and your regrets. From Rob's

dogged repetition at the free throw line of his childhood basketball court to Dakota's pursuit of EMT and firefighter credentials to aid accident victims, these two American heroes turn their experiences into valuable lessons for every reader. Gritty and down-to-earth, O'Neill and Meyer tell their stories with candor and vulnerability to help readers handle stress, tackle their biggest obstacles, and exceed their expectations of themselves, while keeping life's battles in perspective with a sense of humor.

Fight Write - Carla Hoch
2019-06-11

Whether a side-street skirmish or an all-out war, fight scenes bring action to the pages of every kind of fiction. But a poorly done or unbelievable fight scene can ruin a great book in an instant. In *Fight Write* you'll learn practical tips, terminology, and the science behind crafting realistic fight scenes for your fiction. Broken up into "Rounds," trained fighter and writer Carla Hoch guides you through the many

factors you'll need to consider when developing battles and brawls. • In Round 1, you will consider how the Who, When, Where, and Why questions affect what type of fight scene you want to craft. • Round 2 delves into the human factors of biology (think fight or flight and adrenaline) and psychology (aggression and response to injuring or killing another person). • Round 3 explores different fighting styles that are appropriate for different situations: How would a character fight from a prone position versus being attacked in the street? What is the vocabulary used to describe these styles? • Round 4 considers weaponry and will guide you to select the best weapon for your characters, including nontraditional weapons of opportunity, while also thinking about the nitty-gritty details of using them. • In Round 5, you'll learn how to accurately describe realistic injuries sustained from the fights and certain weapons, and what kind of injuries will kill a character or render them

unable to fight further. By taking into account where your character is in the world, when in history the fight is happening, what the character's motivation for fighting is, and much more, you'll be able to write fight scenes unique to your plot and characters, all while satisfying your reader's discerning eye.

The Red Bandanna (Young Readers Adaptation) - Tom Rinaldi 2018-08-14

Winner of the Christopher Award An ILA-CBC Children's Choices Book A NCSS-CBC Notable Social Studies Book Welles Crowther did not see himself as hero. He was just an ordinary kid who played sports, volunteered at his local fire department, and eventually headed off to college and then Wall Street to start a career. Throughout it all, he always kept a red bandanna in his pocket, a gift from his father. On September 11, 2001, Welles was working on the 104th floor of the South Tower of the World Trade Center when the Twin Towers were attacked. That day, Welles made a

fearless choice and in doing so, saved many lives. The survivors didn't know his name, but one of them remembered a single detail clearly: the man was wearing a red bandanna. Welles Crowther was a hero. Award-winning ESPN reporter Tom Rinaldi brings Welles's inspirational story of selflessness and compassion to life in this accessible young readers' adaptation of his New York Times bestselling book. This powerful story of making a difference through our actions is perfect for helping the post-9/11 generation understand the meaning of this historic day through the eyes of one young man. "Rinaldi's young reader edition of his award-winning adult story puts a face on that day (9/11), a hero's face, and brings to young people someone who stood brave in the toughest of times and who, in the end, was lost doing his best to help others survive."—VOYA *One Hundred Days (Text Only)* - Admiral Sandy Woodward 2012-04-19 The bestselling, highly-

acclaimed and most famous account of the Falklands War, written by the commander of the British Task Force. Picking Cotton - Jennifer Thompson-Cannino 2010-01-05 The New York Times best selling true story of an unlikely friendship forged between a woman and the man she incorrectly identified as her rapist and sent to prison for 11 years. Jennifer Thompson was raped at knifepoint by a man who broke into her apartment while she slept. She was able to escape, and eventually positively identified Ronald Cotton as her attacker. Ronald insisted that she was mistaken- - but Jennifer's positive identification was the compelling evidence that put him behind bars. After eleven years, Ronald was allowed to take a DNA test that proved his innocence. He was released, after serving more than a decade in prison for a crime he never committed. Two years later, Jennifer and Ronald met face to face-- and forged an unlikely friendship that changed both of their lives.

With *Picking Cotton*, Jennifer and Ronald tell in their own words the harrowing details of their tragedy, and challenge our ideas of memory and judgment while demonstrating the profound nature of human grace and the healing power of forgiveness.

The Hardest Place - Wesley Morgan 2022-03-01

COLBY AWARD WINNER •
"One of the most important books to come out of the Afghanistan war."—Foreign Policy "A saga of courage and futility, of valor and error and heartbreak."—Rick Atkinson, author of the Liberation Trilogy and *The British Are Coming* Of the many battlefields on which U.S. troops and intelligence

operatives fought in Afghanistan, one remote corner of the country stands as a microcosm of the American campaign: the Pech and its tributary valleys in Kunar and Nuristan. The area's rugged, steep terrain and thick forests made it a natural hiding spot for local insurgents and international terrorists alike, and it came to represent both the valor and futility of America's two-decade-long Afghan war. Drawing on reporting trips, hundreds of interviews, and documentary research, Wesley Morgan reveals the history of the war in this iconic region, captures the culture and reality of the conflict through both American and Afghan eyes, and reports on the snowballing missteps—some kept secret from even the troops fighting there—that doomed the American mission. *The Hardest Place* is the story of one of the twenty-first century's most unforgiving battlefields and a portrait of the American military that fought there.

[A Thousand Lives](#) - Julia

Scheeres 2011-10-11

In 1954, a pastor named Jim Jones opened a church in Indianapolis called Peoples Temple Full Gospel Church. He was a charismatic preacher with idealistic beliefs, and he quickly filled his pews with an audience eager to hear his sermons on social justice. As Jones's behavior became erratic and his message more ominous, his followers leaned on each other to recapture the sense of equality that had drawn them to his church. But even as the congregation thrived, Jones made it increasingly difficult for members to leave. By the time Jones moved his congregation to a remote jungle in Guyana and the US government began to investigate allegations of abuse and false imprisonment in Jonestown, it was too late. *A Thousand Lives* is the story of Jonestown as it has never been told. New York Times bestselling author Julia Scheeres drew from tens of thousands of recently declassified FBI documents and audiotapes, as well as rare

videos and interviews, to piece together an unprecedented and compelling history of the doomed camp, focusing on the people who lived there. The people who built Jonestown wanted to forge a better life for themselves and their children. In South America, however, they found themselves trapped in Jonestown and cut off from the outside world as their leader goaded them toward committing "revolutionary suicide" and deprived them of food, sleep, and hope. Vividly written and impossible to forget, *A Thousand Lives* is a story of blind loyalty and daring escapes, of corrupted ideals and senseless, haunting loss.

Lone Survivor - Marcus Luttrell
2014

This is the story of fire team leader Marcus Luttrell, the sole survivor of Operation Redwing, and the desperate battle in the Afghanistan mountains in 2005, that led to the largest loss of life in Navy SEAL history.

Fearless - Eric Blehm
2013-05-21

Go deep into SEAL Team SIX, straight to the heart of one of its most legendary operators. When Navy SEAL Adam Brown woke up on March 17, 2010, he didn't know he would die that night in the Hindu Kush Mountains of Afghanistan—but he was ready. In a letter to his children, not meant to be seen unless the worst happened, he wrote, "I'm not afraid of anything that might happen to me on this earth, because I know no matter what, nothing can take my spirit from me." Fearless is the story of a man of extremes, whose courage and determination were fueled by faith, family, and the love of a woman. It's about a man who waged a war against his own worst impulses, including drug addiction, and persevered to reach the top tier of the U.S. military. In a deeply personal and absorbing chronicle, Fearless reveals a glimpse inside the SEAL Team SIX brotherhood, and presents an indelible portrait of a highly trained warrior whose final act of bravery led to the ultimate sacrifice. Adam Brown was a

devoted man who was an unlikely hero but a true warrior, described by all who knew him as...fearless. "As a rule, we don't endorse books or movies or anything regarding the command where I work—and Adam Brown worked—but as the author writes in Fearless, 'you have to know the rules, so you know when to bend or break them.' This is one of those times. Read this book. Period. It succeeds where all the others have failed." —SEAL Team SIX Operator

Operation Red Wings - Peter Nealen 2013-12-17

Operation Red Wings provides an in-depth examination of the recovery mission to rescue Marcus Luttrell, filled with never-before-told details and shocking new revelations. Marcus Luttrell's blockbuster bestseller, Lone Survivor—now a major motion picture—tells the story of Operation Red Wings, in which four U.S. Navy SEALs were inserted into the mountains of eastern Afghanistan with the task of collecting intelligence and

finding—or killing—a top al Qaeda commander. The SEALs were ambushed by over one hundred Taliban fighters and a horrific battle ensued. The rescue helicopter carrying eight SEALs was shot down by a reported Rocket Propelled Grenade (RPG), killing them instantly and erasing any hope for the SEALs already on the ground. Luttrell was the only survivor. Author Peter Nealen (former USMC Force Recon) and the team at SOFREP have an expansive network within the Special Operations community, providing them with access to exclusive interviews, after action reports, military intel and previously untold accounts of the rescue mission. Nealen and his team have uncovered eyewitness reports that put the "official" story into question as to how the initial rescue helicopter was shot down. If true, this potential coverup will have had severe consequences on subsequent helicopter insertion operations and put lives at risk. Complete with a foreword by former Navy SEAL Brandon

Webb, this is a must-have companion to the blockbuster book and upcoming film.

First Casualty - Toby Harnden
2021-09-07

An award-winning journalist reveals the dramatic true story of the CIA's Team Alpha, the first Americans to be dropped behind enemy lines in Afghanistan after 9/11.

America is reeling; Al-Qaeda has struck and thousands are dead. The country scrambles to respond, but the Pentagon has no plan for Afghanistan—where Osama bin Laden masterminded the attack and is protected by the Taliban.

Instead, the CIA steps forward to spearhead the war. Eight CIA officers are dropped into the mountains of northern Afghanistan on October 17, 2001. They are Team Alpha, an eclectic band of linguists, tribal experts, and elite warriors: the first Americans to operate inside Taliban territory. Their covert mission is to track down Al-Qaeda and stop the terrorists from infiltrating the United States again. *First Casualty* places you with Team

Alpha as the CIA rides into battle on horseback alongside the warlord Abdul Rashid Dostum. In Washington, DC, few trust that the CIA men, the Green Berets, and the Americans' outnumbered Afghan allies can prevail before winter sets in. On the ground, Team Alpha is undeterred. The Taliban is routed but hatches a plot with Al-Qaeda to hit back. Hundreds of suicidal fighters, many hiding weapons, fake a surrender and are transported to Qala-i Jangi—the "Fort of War." Team Alpha's Mike Spann, an ex-Marine, and David Tyson, a polyglot former Central Asian studies academic, seize America's initial opportunity to extract intelligence from men trained by bin Laden—among them a young Muslim convert from California. The prisoners revolt and one CIA officer falls—the first casualty in America's longest war, which will last two decades. The other CIA man shoots dead the Al-Qaeda jihadists attacking his comrade. To survive, he must fight his way out against

overwhelming odds. Award-winning author Toby Harnden gained unprecedented access to all living Team Alpha members and every level of the CIA. Superbly researched, *First Casualty* draws on extensive interviews, secret documents, and deep reporting inside Afghanistan. As gripping as any adventure novel, yet intimate and profoundly moving, it tells how America found a winning strategy only to abandon it. Harnden reveals that the lessons of early victory and the haunting foretelling it contained—unreliable allies, ethnic rivalries, suicide attacks, and errant US bombs—were ignored, tragically fueling a twenty-year conflict. "Masterful, complex, and heartfelt, from the deeply personal to the critically strategic. Captures many lessons on many levels."

—Ambassador Hank Crumpton, former senior CIA officer

The Operator - Robert O'Neill
2017-04-25

This instant New York Times bestseller—"a jaw-dropping, fast-paced account" (New York

Post) recounts SEAL Team Operator Robert O’Neill’s incredible four-hundred-mission career, including the attempts to rescue “Lone Survivor” Marcus Luttrell and abducted-by-Somali-pirates Captain Richard Phillips, and which culminated in the death of the world’s most wanted terrorist—Osama bin Laden. In *The Operator*, Robert O’Neill describes his idyllic childhood in Butte, Montana; his impulsive decision to join the SEALs; the arduous evaluation and training process; and the even tougher gauntlet he had to run to join the SEALs’ most elite unit. After officially becoming a SEAL, O’Neill would spend more than a decade in the most intense counterterror effort in US history. For extended periods, not a night passed without him and his small team recording multiple enemy kills—and though he was lucky enough to survive, several of the SEALs he’d trained with and fought beside never made it home. “Impossible to put down...*The Operator* is unique, surprising,

a kind of counternarrative, and certainly the other half of the story of one of the world’s most famous military operations...In the larger sense, this book is about...how to be human while in the very same moment dealing with death, destruction, combat” (Doug Stanton, *New York Times* bestselling author). O’Neill describes the nonstop action of his deployments in Iraq and Afghanistan, evokes the black humor of years-long combat, brings to vivid life the lethal efficiency of the military’s most selective units, and reveals details of the most celebrated terrorist takedown in history. This is “a riveting, unvarnished, and wholly unforgettable portrait of America’s most storied commandos at war” (Joby Warrick).

Thank You for My Service -
Mat Best 2019-08-20
NEW YORK TIMES
BESTSELLER • The
unapologetic, laugh-your-ass-

off military memoir both vets and civilians have been waiting for, from a five-tour Army Ranger turned YouTube phenomenon and zealous advocate for veterans Members of the military's special operations branches share a closely guarded secret: They love their jobs. They relish the opportunity to fight. They are thankful for it, even, and hopeful that maybe, possibly, they'll also get to kill a bunch of bad guys while they're at it. You don't necessarily need to thank them for their service—the pleasure is all theirs. In this hilarious and personal memoir, readers ride shotgun alongside former Army Ranger and private military contractor and current social media phenomenon Mat Best, into the action and its aftermath, both abroad and at home. From surviving a skin infection in the swampy armpit of America (aka Columbus, Georgia) to kicking down doors on the outskirts of Ramadi, from blowing up a truck full of enemy combatants to witnessing the effects of a

suicide bombing right in front of your face, Thank You for My Service gives readers who love America and love the good guys fresh insight into what it's really like inside the minds of the men and women on the front lines. It's also a sobering yet steadying glimpse at life for veterans after the fighting stops, when the enemy becomes self-doubt or despair and you begin to wonder why anyone should be thanking you for anything, least of all your service. How do you keep going when something you love turns you into somebody you hate? For veterans and their friends and families, Thank You for My Service will offer comfort, in the form of a million laughs, and counsel, as a blueprint for what to do after the war ends and the real fight begins. And for civilians, this is the insider account of military life you won't find anywhere else, told with equal amounts of heart and balls. It's Deadpool meets Captain America, except one went to business school and one went to therapy, and it's anyone's

guess which is which.

Inside SEAL Team Six - Don Mann 2011-11-28

The Inside Story of America's Ultimate Warriors When Osama bin Laden was assassinated, the entire world was fascinated by the men who had completed the seemingly impossible mission that had dogged the U.S. government for over a decade. SEAL Team 6 became synonymous with heroism, duty, and justice. Only a handful of the elite men who make up the SEALs, the US Navy's best and bravest, survive the legendary and grueling selection process that leads to becoming a member of Team 6, a group so classified it technically does not even exist. There are no better warriors on Earth. Don Mann knows what it takes to be a brother in this ultra-selective fraternity. As a member of Seal Team Six for over eight years and a SEAL for over seventeen years, he worked in countless covert operations, operating from

land, sea, and air, and facing shootings, decapitations, and stabbings. He was captured by the enemy and lived to tell the tale, and he participated in highly classified missions all over the globe, including Somalia, Panama, El Salvador, Colombia, Afghanistan, and Iraq. As a coordinator for several civilian SEAL training programs, and as a former Training Officer of SEAL Team Six, he was directly responsible for shaping the bodies and minds of SEALs who carried out the assassination of Osama bin Laden. But to become a SEAL, Mann had to overcome his own troubled childhood and push his body to its breaking point -- and beyond. *Inside Seal Team 6* is a high octane narrative of physical and mental toughness, giving unprecedented insight to the inner workings of the training and secret missions of the world's most respected and feared combat unit.

SEAL Team Six - Howard E. Wasdin 2011-05-10

The New York Times bestselling book that takes you

inside SEAL Team Six - the covert squad that killed Osama Bin Laden SEAL Team Six is a secret unit tasked with counterterrorism, hostage rescue, and counterinsurgency. In this dramatic, behind-the-scenes chronicle, Howard Wasdin takes readers deep inside the world of Navy SEALs and Special Forces snipers, beginning with the grueling selection process of Basic Underwater Demolition/SEAL (BUD/S)—the toughest and longest military training in the world. After graduating, Wasdin faced new challenges. First there was combat in Operation Desert Storm as a member of SEAL Team Two. Then the Green Course: the selection process to join the legendary SEAL Team Six, with a curriculum that included practiced land warfare to unarmed combat. More than learning how to pick a lock, they learned how to blow the door off its hinges. Finally as a member of SEAL Team Six he graduated from the most storied and challenging sniper program in

the country: The Marine's Scout Sniper School. Eventually, of the 18 snipers in SEAL Team Six, Wasdin became the best—which meant one of the best snipers on the planet. Less than half a year after sniper school, he was fighting for his life. The mission: capture or kill Somalian warlord Mohamed Farrah Aidid. From rooftops, helicopters and alleys, Wasdin hunted Aidid and killed his men whenever possible. But everything went quickly to hell when his small band of soldiers found themselves fighting for their lives, cut off from help, and desperately trying to rescue downed comrades during a routine mission. The Battle of Mogadishu, as it became known, left 18 American soldiers dead and 73 wounded. Howard Wasdin had both of his legs nearly blown off while engaging the enemy. His dramatic combat tales combined with inside details of becoming one of the world's deadliest snipers make this one of the most explosive military memoirs in years.

American Sniper - Chris Kyle
2012-01-03

The #1 New York Times bestselling memoir of U.S. Navy Seal Chris Kyle, and the source for Clint Eastwood's blockbuster, Academy-Award nominated movie. "An amazingly detailed account of fighting in Iraq--a humanizing, brave story that's extremely readable." — PATRICIA CORNWELL, New York Times Book Review "Jaw-dropping...Undeniably riveting." —RICHARD ROEPER, Chicago Sun-Times From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him "The Legend"; meanwhile, the enemy feared him so much they named him al-Shaitan ("the devil") and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of

two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle's masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

Dead Wake - Erik Larson
2015-03-10

#1 NEW YORK TIMES BESTSELLER • From the bestselling author and master of narrative nonfiction comes the enthralling story of the sinking of the Lusitania "Both terrifying and enthralling."—Entertainment Weekly "Thrilling, dramatic and powerful."—NPR "Thoroughly engrossing."—George R.R. Martin On May 1, 1915, with WWI entering its tenth month, a luxury ocean liner as richly appointed as an English country house sailed out of New York, bound for Liverpool, carrying a record number of children and infants. The

passengers were surprisingly at ease, even though Germany had declared the seas around Britain to be a war zone. For months, German U-boats had brought terror to the North Atlantic. But the Lusitania was one of the era's great transatlantic "Greyhounds"—the fastest liner then in service—and her captain, William Thomas Turner, placed tremendous faith in the gentlemanly strictures of warfare that for a century had kept civilian ships safe from attack. Germany, however, was determined to change the rules of the game, and Walther Schwieger, the captain of Unterseeboot-20, was happy to oblige. Meanwhile, an ultra-secret British intelligence unit tracked Schwieger's U-boat, but told no one. As U-20 and the Lusitania made their way toward Liverpool, an array of forces both grand and achingly small—hubris, a chance fog, a closely guarded secret, and more—all converged to produce one of the great disasters of history. It is a story

that many of us think we know but don't, and Erik Larson tells it thrillingly, switching between hunter and hunted while painting a larger portrait of America at the height of the Progressive Era. Full of glamour and suspense, *Dead Wake* brings to life a cast of evocative characters, from famed Boston bookseller Charles Lauriat to pioneering female architect Theodate Pope to President Woodrow Wilson, a man lost to grief, dreading the widening war but also captivated by the prospect of new love. Gripping and important, *Dead Wake* captures the sheer drama and emotional power of a disaster whose intimate details and true meaning have long been obscured by history. Lone Survivor by Marcus Luttrell - A 15-minute Summary & Analysis Inside this Instaread: • Summary of entire book • Introduction to the Important People in the book • Analysis of the Themes and Author's Style Preview of this Instaread: Lone Survivor: The Eyewitness Account of Operation Redwing and the Lost Heroes of Seal Team 10 by Marcus Luttrell with Patrick Robinson is a gritty and compelling narrative that recounts what happened when four United States Navy's Sea, Air, Land Teams (SEALs) fought against a Taliban stronghold in Afghanistan. Only one of them survived the ordeal. Marcus Luttrell and the other members of his Navy SEAL team were sent to the mountains of the Hindu Kush between Afghanistan and Pakistan. They were on a reconnaissance mission to locate and kill an associate of Osama bin Laden whom

Luttrell refers to as Ben Sharmak in the book. By the age of twelve, Luttrell was sure that he wanted to be a Navy SEAL. He sought out Billy Shelton, a former Green Beret, and asked him to train him to become a SEAL. Billy lived nearby and volunteered his time to teach... SEAL of Honor - Gary L Williams 2011-04-05

Lt. Michael Patrick Murphy, a Navy SEAL, earned the Medal of Honor on 28 June 2005 for his bravery during a fierce fight with the Taliban in the remote mountains of eastern Afghanistan. The first to receive the nation's highest military honor for service in Afghanistan, Lt. Murphy was also the first naval officer to earn the medal since the Vietnam War, and the first SEAL to be honored posthumously. A young man of great character, he is the

subject of Naval Special Warfare courses on character and leadership, and an Arleigh Burke-class guided missile destroyer, naval base, school, post office, ball park, and hospital emergency room have been named in his honor. A bestselling book by the sole survivor of Operation Red Wings, Marcus Luttrell, has helped make Lt. Murphy's SEAL team's fateful encounter with the Taliban one of the Afghan war's best known engagements. Published on the 5th anniversary of the engagement, SEAL of Honor also tells the story of that fateful battle, but it does so from a very different perspective being focused on the life of Lt. Murphy. This biography uses his heroic action during this deadly firefight in Afghanistan, as a window on his character and attempts to answer why Lt. Murphy readily sacrificed his life for his comrades. SEAL of Honor is the story of a young man, who was noted by his peers for his compassion and for his leadership being guided

by an extraordinary sense of duty, responsibility, and moral clarity. In tracing Lt. Murphy's journey from a seemingly ordinary life on New York's Long Island, to that remote mountainside a half a world away, SEAL of Honor will help readers understand how he came to demonstrate the extraordinary heroism and selfless leadership that earned him the nation's highest military honor. Moreover, the book brings the Afghan war back to the home front, focusing on Lt. Murphy's tight knit family and the devastating effect of his death upon them as they watched the story of Operation Red Wings unfold in the news. The book attempts to answer why Lt. Murphy's service to his country and his comrades was a calling faithfully answered, a duty justly upheld, and a life, while all too short, well-lived.

Bravo Two Zero - Andy McNab
2012-12-19

Their mission: To take out the scuds. Eight went out. Five came back. Their story had been closed in secrecy. Until

now. They were British Special Forces, trained to be the best. In January 1991 a squad of eight men went behind the Iraqi lines on a top secret mission. It was called Bravo Two Zero. On command was Sergeant Andy McNab. "They are the true unsung heroes of the war." -- Lt. Col. Steven Turner, American F-15E commander. Dropped into "scud alley" carrying 210-pound packs, McNab and his men found themselves surrounded by Saddam's army. Their radios didn't work. The weather turned cold enough to freeze diesel fuel. And they had been spotted. Their only chance at survival was to fight their way to the Syrian border seventy-five miles to the northwest and swim the Euphrates river to freedom. Eight set out. Five came back. "I'll tell you who destroyed the scuds -- it was the British SAS. They were fabulous." -- John Major, British Prime Minister. This is their story. Filled with no-holds-barred detail about McNab's capture and excruciating torture, it tells of

men tested beyond the limits of human endurance... and of the war you didn't see on CNN. Dirty, deadly, and fought outside the rules.

Warrior Dog (Young Readers Edition) - Joe Layden
2020-06-30

Two dozen Navy SEALs descended on Osama bin Laden's compound in May 2011. After the mission, only one name was made public: Cairo, a Belgian Malinois and military working dog. Warrior Dog is the story of Cairo and his handler, Will Chesney, a member of SEAL Team Six whose life would be irrevocably tied to Cairo's, specially adapted for young readers from Chesney and Joe Layden's No Ordinary Dog. Starting in 2008, when Will was introduced to the canine program, he and Cairo worked side by side, depending on each other for survival on hundreds of critical operations in the war on terrorism. But their bond went beyond their military service. As Cairo aged and went on fewer missions, Will moved on to other

assignments, forced to slowly—and painfully—distance himself from the dog. Then, in 2011, the call came: Pick up your dog and get back to Virginia. Now. Cairo and Will trained for weeks for a secret mission, but it soon became clear that this was no ordinary operation. Cairo was among the first members of the U.S. military on the ground in Pakistan as part of Operation Neptune Spear, which resulted in the successful elimination of bin Laden. As Cairo settled into a role as a reliable “spare dog,” Will went back to his job—until a grenade blast in 2013 left him severely injured. Unable to participate in further missions, he tried to recover, medicine provided only modest relief. Instead, it was up to Cairo to save Will's life once more—and then up to Will to be there when Cairo needed him the most.

No Excuses - Kyle Maynard
2012-02-13

He was born a congenital amputee, his arms ending at his elbows and his legs at his knees. But that didn't stop Kyle

Maynard from becoming a champion, on the wrestling mat and in his life. No Excuses is the inspiring story of Kyle's battle against the odds. You'll learn about the family who supported him, the coach who trained him, and the faith that strengthened him to face the toughest fights.

Into the Fire - Dakota Meyer
2012-09-25

“The story of what Dakota did . . . will be told for generations.”—President Barack Obama, from remarks given at Meyer's Medal of Honor ceremony In the fall of 2009, Taliban insurgents ambushed a patrol of Afghan soldiers and Marine advisors in a mountain village called Ganjigal. Firing from entrenched positions, the enemy was positioned to wipe out one hundred men who were pinned down and were repeatedly refused artillery support. Ordered to remain behind with the vehicles, twenty-one year-old Marine corporal Dakota Meyer disobeyed orders and attacked to rescue his comrades. With a

brave driver at the wheel, Meyer stood in the gun turret exposed to withering fire, rallying Afghan troops to follow. Over the course of the five hours, he charged into the valley time and again. Employing a variety of machine guns, rifles, grenade launchers, and even a rock, Meyer repeatedly repulsed enemy attackers, carried wounded Afghan soldiers to safety, and provided cover for dozens of others to escape—supreme acts of valor and determination. In the end, Meyer and four stalwart comrades—an Army captain, an Afghan sergeant major, and two Marines—cleared the battlefield and came to grips with a tragedy they knew could have been avoided. For his actions on that day, Meyer became the first living Marine in three decades to be awarded the Medal of Honor. Into the Fire tells the full story of the chaotic battle of Ganjigal for the first time, in a compelling, human way that reveals it as a microcosm of our recent wars. Meyer takes us from his

upbringing on a farm in Kentucky, through his Marine and sniper training, onto the battlefield, and into the vexed aftermath of his harrowing exploits in a battle that has become the stuff of legend. Investigations ensued, even as he was pitched back into battle alongside U.S. Army soldiers who embraced him as a fellow grunt. When it was over, he returned to the States to confront living with the loss of his closest friends. This is a tale of American values and upbringing, of stunning heroism, and of adjusting to loss and to civilian life. We see it all through Meyer's eyes, bullet by bullet, with raw honesty in telling of both the errors that resulted in tragedy and the resolve of American soldiers, U.S. Marines, and Afghan soldiers who'd been abandoned and faced certain death. Meticulously researched and thrillingly told, with nonstop pace and vivid detail, Into the Fire is the unvarnished story of a modern American hero. Praise for Into the Fire "A story of men at their best and

at their worst . . . leaves you gaping in admiration at Medal of Honor winner Dakota Meyer's courage."—National Review "Meyer's dazzling bravery wasn't momentary or impulsive but deliberate and sustained."—The Wall Street Journal "[A] cathartic, heartfelt account . . . Combat memoirs don't get any more personal."—Kirkus Reviews "A great contribution to the discussion of an agonizingly complex subject."—The Virginian-Pilot "Black Hawk Down meets Lone Survivor."—Library Journal

Leave No Man Behind - Tony Brooks 2021-08-10

A story of courage, perseverance, and patriotism behind the 75th Ranger Regiment's rescue mission following one of the deadliest Special Ops incidents in Afghanistan—a grueling search for twelve Navy SEAL casualties and eight downed Night Stalkers . . . but just one lone survivor On June 28th, 2005, a four-man Navy SEAL reconnaissance team under Operation Red Wings was

ambushed in northeastern Afghanistan—as depicted in the book and film *Lone Survivor*. A quick reaction force was dispatched. Turbine 33, carrying eight Navy SEALs and eight members of the 160th Special Operations Aviation Regiment, was struck by a rocket propelled grenade—careening the dual rotor Chinook toward the rugged peak of Sawtalo Sar. The result was the single deadliest incident in Special Operations history at the time. Commanders called on the largest element of US Special Forces, the 75th Ranger Regiment. The rescue mission: Operation Red Wings II. Author Tony Brooks gives a first-hand account of the daring recovery of Turbine 33 and the subsequent search for the remaining compromised Navy SEAL recon team—one of whom was Marcus Luttrell, the lone survivor. The Rangers were up against lack of intel, treacherous terrain, violent weather, and an enemy that was raised to fight. Tony Brooks lived—and many of his

fellow Rangers died—by the axiom, “Leave No Man Behind.” He is the first to tell the story other books and films have omitted, one of overcoming overwhelming odds to accomplish a mission: to bring every American soldier home.

Level Zero Heroes - Michael Golembesky 2014-09-02

An elite Marine special operations team, a battle to save downed soldiers in Afghanistan, a fight for survival—an incredible true story of war that became a New York Times bestseller. In *Level Zero Heroes*, Michael Golembesky follows the members of U.S. Marine Special Operations Team 8222 on their assignment to the remote and isolated Taliban stronghold known as Bala Murghab as they conduct special operations in an effort to break the Taliban's grip on the Valley. What started out as a routine mission changed when two 82nd Airborne Paratroopers tragically drowned in the Bala Murghab River while trying to retrieve

vital supplies from an air drop that had gone terribly wrong. In this one moment, the focus and purpose of the friendly forces at Forward Operating Base Todd, where Team 8222 was assigned, was forever altered as a massive clearing operation was initiated to break the Taliban's stranglehold on the valley and recover the bodies. From close-quarters firefights in Afghan villages to capturing key-terrain from the Taliban in the unforgiving Afghan winter, this intense and personal story depicts the brave actions and sacrifices of MSOT 8222. Readers will understand the hopelessness of being pinned down under a hail of enemy gunfire and the quake of the earth as a 2000 lb. guided bomb levels a fortified Taliban fighting position. A powerful and moving story of Marine Operators doing what they do best, *Level Zero Heroes* brings to life the mission of these selected few that fought side-by-side in Afghanistan, in a narrative as action-packed and emotional as anything to

emerge from the Special Operations community contribution to the Afghan War.
