You Will Be Found - Benj Pasek 2020-03-17

A new book from Benj Pasek and Justin Paul, the award-winning songwriters of the hit Broadway show Dear Evan Hansen. When Benj Pasek and Justin Paul set out to write a pivotal song for Dear Evan Hansen, a musical they had been working on for years, they knew it had to be big and emotional and genuine. So they tapped into their main character's loneliness and allowed him to sing his way out of it. The result was "You Will Be Found," a song that sets in motion a moment that goes viral in the world of the show and in turn helps Evan find connection. And then something happened in the world outside the show: Fans loved the song. It connected. It went viral. People who had never even seen Dear Evan Hansen found the song, and found comfort in its message of hope. This beautifully illustrated edition of the "You Will Be Found" lyrics is for them, and for anyone on the edge of a new chapter in life. It serves as a reminder to anyone who feels lost or uncertain that, as the song says, you are not alone.

Shooting the Pacific War - Thayer Soule 2014-10-17

Thayer Soule couldn't believe his orders. As a junior officer with no military training or indoctrination and less than ten weeks of active duty behind him, he had been assigned to be photographic officer for the First Marine Division. The Corps had never had a photographic division before, much less a field photographic unit. But Soule accepted the challenge, created the unit from scratch, established policies for photography, and led his men into combat. Soule and his unit produced films and photos of training, combat action pictures, and later, terrain studies and photographs for intelligence purposes. Though he had never heard of a photo-litho set, he was in charge of using it for map production, which would prove vital to the division. Shooting the Pacific War is based on Soule's detailed wartime journals. Soule was in the unique position to interact with

men at all levels of the military, and he provides intriguing closeups of generals, admirals, sergeants, and privates -everyone he met and worked with along the way. Though he witnessed the horror of war firsthand, he also writes of the vitality and intense comradeship that he and his fellow Marines experienced. Soule recounts the heat of battle as well as the intense training before and rebuilding after each campaign. He saw New Zealand in the desperate days of 1942. His division was rebuilt in Australia following Guadalcanal. After a stint back in Quantico training more combat photographers, he went to Guam and then to the crucible of Iwo Jima. At war's end he was serving as Photographic Officer, Fleet Marine Force Pacific, at Pearl Harbor.

Writing Spaces 1 - Charles Lowe 2010-06-18

Volumes in Writing Spaces: Readings on Writing offer multiple perspectives on a wide-range of topics about writing, much like the model made famous by Wendy Bishop's "The Subject Is . . ." series. In each chapter, authors present their unique views, insights, and strategies for writing by addressing the undergraduate reader directly. Drawing on their own experiences, these teachers-as-writers invite students to join in the larger conversation about developing nearly every aspect of craft of writing. Consequently, each essay functions as a standalone text that can easily complement other selected readings in writing or writing-intensive courses across the disciplines at any level. Topics in Volume 1 of the series include academic writing, how to interpret writing assignments, motives for writing, rhetorical analysis, revision, invention, writing centers, argumentation, narrative, reflective writing, Wikipedia, patchwriting, collaboration, and genres.

Measuring Arthropod Biodiversity - Jean Carlos Santos 2020-11-11

This book brings together a wide range of sampling methods for investigating different arthropod groups. Each chapter is organized to describe and evaluate the main sampling methods (field methods, materials and supplies, sampling protocols, effort needed, and limitations); in addition, some chapters describe the specimen preparation and conservation, species identification, data collection and management (treatment, statistical analysis, interpretation), and ecological/conservation implications of arthropod communities. The book aims to be a reference for zoologists, entomologists, arachnologists, ecologists, students, researchers, and for those interested in arthropod science and biodiversity. We hope the book will contribute to advance knowledge on field assessments and conservation strategies. Arthropods represent the most speciose group of organisms on Earth, with a remarkable number of species and interactions still to be described. These invertebrates are recognized for playing key ecological roles in terrestrial, freshwater and marine ecosystems. Because of the increasing and relentless threats arthropods are facing lately due to a multitude of human induced drivers, this book represents an important contribution to assess their biodiversity and role in ecosystem functioning and generation of ecosystem services worldwide.

To Kill a Mockingbird - Harper Lee 2014-07-08

Voted America's Best-Loved Novel in PBS's *The Great American Read* Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

The Empathy Exams - Leslie Jamison 2014-04-01

From personal loss to phantom diseases, *The Empathy Exams* is a bold and brilliant collection, winner of the Graywolf Press Nonfiction Prize A Publishers Weekly Top Ten Essay Collection of Spring 2014 Beginning with her experience as a medical actor who was paid to act out symptoms for medical students to diagnose, Leslie Jamison's visceral and revealing essays ask essential questions about our basic understanding of others: How should we care about each other? How can we feel another's pain, especially when pain can be assumed, distorted, or performed? Is empathy a tool by which to test or even grade each other? By confronting pain—real and imagined, her own and others'—Jamison uncovers a personal and cultural urgency to feel. She draws from her own experiences of illness and bodily injury to engage in an exploration that extends far beyond her life, spanning wide-ranging territory—from poverty tourism to phantom diseases, street violence to reality television, illness to incarceration—in its search for a kind of sight shaped by humility and grace.

Under the Volcano - Malcolm Lowry 1984

Geoffrey Firmin, a former British consul, has come to Quauhnahuac, Mexico. His debilitating malaise is drinking, an activity that has overshadowed his life. On the most fateful day of the consul's life--the Day of the Dead, 1938--his wife, Yvonne, arrives in Quauhnahuac, inspired by a vision of life together away from Mexico

and the circumstances that have driven their relationship to the brink of collapse. She is determined to rescue Firmin and their failing marriage, but her mission is further complicated by the presence of Hugh, the consul's half brother, and Jacques, a childhood friend. The events of this one significant day unfold against an unforgettable backdrop of a Mexico at once magical and diabolical. Under the Volcano remains one of literature's most powerful and lyrical statements on the human condition, and a brilliant portrayal of one man's constant struggle against the elemental forces that threaten to destroy him.

Hell's Angels - Hunter S. Thompson 2012-08-01

Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell’s Angels, that is—in this short work of nonfiction. “California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again.” Thus begins Hunter S. Thompson’s vivid account of his experiences with California’s most notorious motorcycle gang, the Hell’s Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as The New Yorker pointed out, “For all its uninhibited and sardonic humor, Thompson’s book is a thoughtful piece of work.” As illuminating now as when originally published in 1967, Hell’s Angels is a gripping portrait, and the best account we have of the truth behind an American legend.

Teaching Basic, Advanced, and Academic Vocabulary - Robert J. Marzano 2020

"To guarantee students have a working knowledge of appropriate vocabulary before entering secondary school, educators need to establish an effective vocabulary program in their schools and classrooms. In Teaching Basic, Advanced, and Academic Vocabulary: A Comprehensive Framework for Elementary Instruction, author Robert J. Marzano provides elementary educators with a comprehensive framework for vocabulary instruction. Marzano defines three different tiers of vocabulary terms: (1) Tier 1 terms are those words that are frequently used in the English language, (2) Tier 2 terms appear less frequently, and (3) Tier 3 terms are specific to grade level and subject area. By organizing these terms into semantic clusters and subject areas, Marzano creates a powerful and unique approach to ensuring students build their vocabulary. By reading this book, K-5 teachers will obtain the tools and strategies needed to construct a solid foundation for literacy development in their classrooms"--

Pitch Perfect (movie tie-in) - Mickey Rapkin 2012-09-04

A musical tale of collegiate a cappella filled of high notes, high drama, and high jinks that inspired the hit films Pitch Perfect and Pitch Perfect 2. Get ready to be pitch slapped. The roots of unaccompanied vocal music stretch all the way back to Gregorian chants of the Middle Ages, and collegiate a cappella is over a century old. But what was once largely an Ivy League phenomenon has, in the past twenty years, exploded. And it's not what you think. Though the blue blazers and khakis may remain, a cappella groups at colleges across the country have become downright funky. In Pitch Perfect, journalist Mickey Rapkin follows a season in a cappella through all its twists and turns, covering the breathtaking displays of vocal talent, the groupies (yes, there are a cappella groupies), the rock-star partying, and all the bitter rivalries. Rapkin brings you into the world of collegiate a cappella characters—from movie-star looks and celebrity-size egos to a troubled new singer with the megawatt voice. Including encounters with a cappella alums like John Legend and Diane Sawyer and fans from Prince to presidents, Rapkin shows that a cappella isn't for the faint of heart—or lungs. Sure to strike a chord with fans of Glee and The Sing-Off, this raucous story of a cappella rock stars shows that sometimes, to get that perfect harmony, you have to embrace a little discord.

Where I'm from - Steven Borsman 2011

"In the Fall of 2010 I gave an assignment in my Appalachian Literature class at Berea College, telling my students to write their own version of "Where I'm From" poem based on the writing prompt and poem by George Ella Lyon, one of the preeminent Appalachian poets. I was so impressed by the results of the assignment that I felt the poems needed to be preserved in a bound document. Thus, this little book. These students completely captured the complexities of this region and their poems contain all the joys and sorrows of living in Appalachia. I am proud that they were my students and I am very proud that together we produced this record of contemporary Appalachian Life" -- Silas House
