Start your study group and each one teach one Peace!

**The Promise of Patriarchy** - Ula Yvette Taylor 2017-09-05

The patriarchal structure of the Nation of Islam (NOI) promised black women the prospect of finding a provider and a protector among the organization's men, who were fiercely committed to these masculine roles. Black women's experience in the NOI, however, has largely remained on the periphery of scholarship. Here, Ula Taylor documents their struggle to escape

the devaluation of black womanhood while also clinging to the empowering promises of patriarchy. Taylor shows how, despite being relegated to a lifestyle that did not encourage working outside of the home, NOI women found freedom in being able to bypass the degrading experiences connected to labor performed largely by working-class black women and in raising and educating their children in racially affirming environments. Telling the stories of women like Clara Poole (wife of Elijah Muhammad) and Burnsteen Sharrieff (secretary to W. D. Fard, founder of the Allah Temple of Islam), Taylor offers a compelling narrative that explains how their decision to join a homegrown, malecontrolled Islamic movement was a complicated act of self-preservation and self-love in Jim Crow America.

From Niggas to Gods - Akil 1993 ...a message to the Black Youth. This is a

compilation of individual essays written during the summer-fall of 1992. The essays are designed to inspire thought within the Black Mind. These writings are primarily targeted toward the Black Youth of this day, of which I am a part of. I am not a Master of these teachings, but these teachings I wish to Master. They say that my generation is not intelligent enough to read a book. I say that They are wrong. It is just that They are not writing about anything of interest that is relevant to our lives! And when They do write something, they have to write in the perfect King's English to impress their Harvard Professors! Here we are with a book in one hand, and a dictionary in the other, trying to understand what in the hell the author is talking about! If you have got something to say, just say it! We are not impressed by your 27-letter words, or your Shakespearian style of writing. The Black Youth of today don't give a damn about

Shakespeare!!! This ain't no damn poetry contest! Wear are dealing with the life, blood, and salvation of our entire Black Nation!If you want to reach the People, you have to embrace us where we are, and then take us where we need to go. So, these writings are from my generation and for my generation with respect and love. If no one will teach, love and guide us, then we will teach love and guide ourselves. Peace. The Hispanic Faculty Experience -Benjamin D. Espinoza 2023-10-10 Hispanics are not a current trend. They have been here for centuries and embody an integral part of the United States and higher education. Every racial term—including Hispanic, Latino/a, and more recently Latinx and Latine—is imperfect and problematic. There is no consensus about what works best. Despite this reality, the lives and stories of non-White faculty are essential to the future of

Christian higher education. Each author shares their account of working in a predominately White Christian institution. Filled with triumphs, struggles, and penetrating insights, the chapters explain what it is like to experience the shifting demographics of today's universities, which are bringing increasing numbers of Hispanic students even as the overall number of Hispanic colleagues remains exceedingly small. This book will be especially useful for leaders who may be unaware of how difficult it is to navigate the challenges of Christian higher education as Hispanic faculty.

History of the Nation of Islam - Elijah Muhammad 2008-11-06 This book is an interview of Elijah Muhammad explaining his initial encounter with his teacher, Master Fard Muhammad and how his messengership came about. The subjects discussed are Master Fard Muhammad's whereabouts, the races and what makes a devil and satan. He answers questions dealing the concept of divine and how ideas are perfected. More basic subjects include Malcolm X, Noble Drew Ali, C. Eric Lincoln, Udom, and a comprehensive range of information.

**Listening to Rap** - Michael Berry 2018-06-14

Over the past four decades, rap and hip hop culture have taken a central place in popular music both in the United States and around the world. Listening to Rap: An Introduction enables students to understand the historical context, cultural impact, and unique musical characteristics of this essential genre. Each chapter explores a key topic in the study of rap music from the 1970s to today, covering themes such as race, gender, commercialization, politics, and authenticity. Synthesizing the approaches

of scholars from a variety of disciplines—including music, cultural studies, African-American studies, gender studies, literary criticism, and philosophy—Listening to Rap tracks the evolution of rap and hip hop while illustrating its vast cultural significance. The text features more than 60 detailed listening guides that analyze the musical elements of songs by a wide array of artists, from Afrika Bambaataa and Grandmaster Flash to Nicki Minaj, Jay-Z, Kanye West, and more. A companion website showcases playlists of the music discussed in each chapter. Rooted in the understanding that cultural context, music, and lyrics combine to shape rap's meaning, the text assumes no prior knowledge. For students of all backgrounds, Listening to Rap offers a clear and accessible introduction to this vital and influential music.

The 5 Percenter - Michael Murphy

#### 2018-07-03

At age 54, Michael Murphy's life drastically changed... but he refused to give up. The doctors thought he wouldn't live. And when he did, those same doctors thought he would never walk again. Today Mike is in better shape than he was at 40. And he's back on the golf course walking 18 holes and shooting in the 80s. A "5 Percenter" is a patient who survives sudden cardiac arrest and a severe lack of oxygen to the brain-only 5% survive that trauma. These survivors experience what is referred to as an anoxic Traumatic Brain Injury (TBI). In this book, Mike Murphy tells the inspiring story of his TBI, his survival and recovery. Against all odds--and after years of physical therapy, an indomitable spirit and the love and support of friends and family--Mike is walking, golfing and living life to the fullest. The 5 Percenter is a story of how strength, love and golf drove a remarkable recovery

and a chance to embrace life and those he loves with renewed passion and joy.

German and Japanese hip-hop.

<u>The Partition of British India</u> - Charles River Editors 2017-07-19

\*Includes pictures \*Includes contemporary accounts of the partition \*Includes online resources and a bibliography for further reading Beyond its obvious influence in areas like trade and commerce, the East India Company also served as a point of cultural contact between Western Europeans, South Asians, and East Asians. Quintessentially British practices such as tea drinking were made possible by East India Company trade. The products and cultural practices traveling back and forth on East India Company ships from one continent to another also reconfigured the way societies around the globe viewed sexuality, gender, class, and labor. On a much darker level, the East India Company fueled white supremacy and European concepts of Orientalism. Ultimately, the

company's activity across the Indian subcontinent led to further British involvement there, and the British Raj, a period of British dominance and rule over India that formally began in 1857 and lasted until 1947, remains a highly debated topic amongst historians, political scientists, the British people, and the people of modern India. Thanks to its commercial complexion and the power invested in a board of directors, British rule in India was characterized by economic monopolies, aggressive trade practices, punitive taxation, and the impoverishment of vast regions of India. Much of the Company's industry was based on a policy of producing and exporting raw materials from India and importing manufactured goods to satisfy an almost unlimited local market. Home industries and the domestic cottage textile industry, in particular, were heavily impacted by this, and with the

addition of land taxes and a general regime of economic exploitation, the British East India Company grew to be a heavy burden on the shoulders of ordinary Indians. British India ultimately covered some 54 percent of the landmass and 77 percent of the population. By the time the British began to contemplate a withdrawal from India, 565 princely states were officially recognized, in addition to thousands of zamindaris and jagirs, which were in effect feudal estates. The stature of each Princely State was defined by the number of guns fired in salute upon a ceremonial occasion honoring one or other of the princes. These ranged from nine-gun to twenty-one-gun salutes and, in a great many cases, no salute at all. The Princely States were reasonably evenly spread between ancient Muslim and Hindu dynasties, but bearing in mind the minority status of Muslims in India. Muslims were disproportionately represented. This tended

to grant Muslims an equally disproportionate share of what power was devolved to local leaderships, and it positioned powerful Muslim leaders to exert a similarly unequal influence on British policy. It stands to reason, therefore, as India began the countdown to independence after World War II, that the Indian Muslim leadership would begin to express anxiety over the prospect of universal suffrage and majority rule. At less than 20 percent of the population, Indian Muslims would inevitably find themselves overwhelmed by the Hindu majority, and as the British prepared to divest themselves of India, ancient enmities between Hindu and Muslim, long papered over by the secular and remote government of Britain, began once again to surface. The Partition of British India: The History and Legacy of the Division of the British Raj into India and Pakistan looks at the complicated process

by which the British partitioned British India. Along with pictures and a bibliography, you will learn about the partition like never before.

**New Religions [2 volumes]** - Eugene V. Gallagher 2021-02-15

A valuable resource for students and general audiences, this book provides a unique global perspective on the history, beliefs, and practices of emergent faith communities; new religious traditions; and religious movements worldwide, from the 19th century to the present. New Religions: Emerging Faiths and Religious Cultures in the Modern World provides insightful global perspectives on the emergent faith communities and new traditions and movements of the last two centuries. Readers will gain access to the information necessary to explore the significance, complexities, and challenges that modern religious traditions have faced throughout

their history and that continue to impact society today. The work identifies the themes and issues that have often brought new religions into conflict with the larger societies of which they are a part. Coverage includes new religious groups that emerged in America, such as the Seventh-day Adventists, the Latter-day Saints, and the Iehovah's Witnesses; alternative communities around the globe that emerged from the major Western and Eastern traditions, such as Aum Shinrikyo and Al-Qaeda; and marginalized groups that came to a sudden end, such as the Peoples Temple, Heaven's Gate, and the Branch Davidians. The entries highlight thematic and broader issues that run across the individual religious traditions, and will also help students analyze and assess the common difficulties faced by emergent religious communities. The True History of Allah and His 5% - The

Gods & Earths Who Were There! 2019-03-16

This book is based on the true history of Allah "the Father" and His great Nation of Gods and Earths known as the Five Percenters. This is the greatest story that was never told by the Gods and the Earths during their younger years with Allah "the Father" from the early 1960s up until the time of his assassination on June 13, 1969. This was a time of struggle for the Black Man. Woman, and Child (the Universal Family). This was the time of "the Big Five", who were: Allah "the Father", who brought about the Nation of Gods and Earths known as the Five Percenters: the Honorable Elijah Muhammad, who was the last and greatest messenger of Allah, also the leader and teacher of the Black Muslims; Malcolm X of the new arrival; Dr. Martin Luther King, Jr., the civil rights leader; and the Black Panther Party on the East and West

coasts. These five groups were called the Big Five, because they had the attention of every Black Man, Woman, and Child in the wilderness of North America and other parts of our planet. There was a host of other Black groups as well. This was a time when the Five Percenter's teachings were being taught/spoken so plain and simple that even a child could understand. Black people were on the rise, and it was a time for a change—for Black Man, Woman, and Child to take their place on earth. Peace! The Five Percenters - Michael Muhammad Knight 2013-10-01

From Malcom X to the Wu Tang Clan, the first in-depth account of this fascinating black power movement With a cast of characters ranging from Malcolm X to 50 Cent, Knight's compelling work is the first detailed account of the movement inextricably linked with black empowerment, Islam, New York, and hip-

hop. Whether discussing the stars of Five Percenter rap or 1980s crack empires, this fast-paced investigation uncovers the community's icons and heritage, and examines its growing influence in urban American youth culture.

**Black Dragon** - Zachary F Price 2021-11-16

Deploys martial arts as a lens to analyze performance, power, and identity within the evolving fusion of Black and Asian American cultures in history and media.

**Supreme Mathematic African Ma'at Magic** - African Creation Energy
2010-08-14

The purpose of the book entitled "Supreme Mathematic, African Ma'at Magic†is to show that Mathematics is of African origin; To show relationships between African and Modern mathematical objects, terms, and concepts; To show how African Mathematical

methods can be used to solve certain problems not easily solved by modern mathematical methods: and To Show the Importance that Ancient Africans placed on Mathematics to solve problems, establish Truth and Order (Ma'at), and Apply knowledge to create Systems and Technologies needed for survival and wellbeing. This book is an introductory educational tool for a long term goal and mission of growing, cultivating, nurturing, and promoting African Creativity, and Ingenuity to develop, engineer, innovate, invent, and create any structures, devices, or systems needed. The importance of Mathematics is emphasized in this book to provide Motivation, inspiration, and Insight into the relationship between Ancient African and Modern Mathematics.

Muslim Subjectivities in Global Modernity - 2020-03-09 This book gives an account of the ways in which Islamic traditions have contributed to the construction of modern Muslim selfhoods. They underpin Eisenstadt's argument that religious traditions can play a pivotal role in the historically different interpretations of modernity.

### The Pursuit of God with Study Guide -

A. W. Tozer 2006-01-01 Sometimes the voices that speak most clearly in the present are those that echo from the past. So it is in this Christian classic by the late pastor and evangelist A. W. Tozer. In The Pursuit of God. Tozer brings the mystics to bear on modern spirituality, grieving the hustle and bustle and calling for a slow, steady gaze upon God. With prophetic vigor and flowing prose, he urges us to replace low thoughts of God with lofty ones, to quiet our lives so we can know God's presence. He reminds us that life apart from God is really no life at all. Tozer's bestseller, this book has been called "one of the all-time most inspirational books" by a panel of Christian magazine writers. And with this study guide, ideal for group or individual use, reflection and discussion questions will help you internalize the content and apply it to your life.

The Supreme Wisdom Lessons by Master Fard Muhammad - The Department of Supreme Wisdom 2023-03-09
The Supreme Wisdom Lessons by W. Fard Muhammad is for all seeking The Knowledge Of Self that he shared with the Original Nation.

**In the Name of Allah** - Wakeel Allah 2007-01-01

In The Name Of Allah: A History of Clarence 13X and The Five Percenters is the first definitive history every written about this powerful youth movement. Thousands of young Blacks and Latinos have pledged allegiance to the philosophy of the Five Percenters. Their influence has permeated throughout the streets of urban America, the school system, rap music and the penal institutions. The origins of the Five Percenters can be traced to its founder the late Clarence 13X Smith a.k.a. "Allah." A former member of Elijah Muhammad's Nation of Islam, he studied under Minister Malcolm X at the Harlem Mosque in the early 60's. He left the organization and subsequently founded a youth movement based on the core doctrine of the NOI and his own lessons referred to as "Supreme Mathematics" and "Supreme Alphabets." The name and ideology of the Five Percenters are derived from NOI teachings that describe the population into three categories. The 85% are misled to believe in a "mystery god," the 10% teach lies to master the poor and superstitious, and alas the 5% are the "poor righteous teachers" of "freedom, justice and equality" who teach

that the true and living God is the "Black Man of Asia." During his short reign as leader of the Five Percenters. Clarence 13X (Allah) faced many challenges but accomplished many objectives. Unfortunately in June of 1969, he was gunned down by unknown assassins. He left a legacy of countless youth who embraced the concepts of the Five Percenters which are evident in the conscious youth of today that identify with his teachings. Until now, there has yet to be a comprehensive history written in regard to the man called Allah and the Five Percenters. This information has now been compiled and presented as an anthology by a member of the movement over the past 25 years. "In The Name of Allah: A History of Clarence 13X and the Five Percenters" is a must have for anyone who desires to know more about the controversial movement.

**Five Percenter Social Theory** - S.

Quanaah 2015-04-23

The purpose of this book is to share a conceptual-based cultural framework of Knowledge of Self [KOS]. This framework is written to examine social phenomena and guide those who are on the path of growth and development. "Five Percenter Social Theory" encompasses ideas about how societies change and develop, psychological/social behavior, power dynamics, social structure and the science of everything in life from the cultural perspective of a Five Percenter.

The Science of Self: Man, God, and the Mathematical Language of Nature -

Supreme Understanding 2016-01-20 "Introduces readers to hundreds of scientific fields, peering into what quantum mechanics, genetics, anthropology, mathematics, and archaeology have to say about the past, present, and future of Black and brown people. As the first of a

[projected] five-volume series, this text ventures beyond superficial ideas about history, science, and metaphysics, plunging into questions about the mathematical language that connects, man, God, and the laws of nature"--Amazon.com.

### The Culture Is I-God I & II - Divine 39 Allah 2017-02-06

The Five Percent Nation are the Gods & Earths a Nation created by Allah the Father in the years 1963 thru 1969 (Allah the Father left the NOI and in "63" the first borne are lifted up into the Knowledge of Self, by 1964 there are 500 young Five Percent Brothers). Born Justice: "Peace God, Allah The Father, left Temple number 7 in 1963, First Born Prince and God Supreme say the same thing, Peace; He was teaching in the Temple in 1963 and left in June or July He was there for three an one half years 1960-1963. All men lie when they are afraid. Some tell many lies, some but a

few. Some have only one great lie they tell so often that they almost come to believe it...though some small part of them will always know that it is a lie, and that will show up on their many faces.

## **The Wu-Tang Clan and RZA** - Alvin Blanco 2011-04-19

This insightful biography looks at the turbulent lives, groundbreaking music and lyrics, and powerful brand of hip hop's infamous Wu-Tang Clan. The Wu-Tang Clan and RZA: A Trip through Hip Hop's 36 Chambers chronicles the rise of the Wu-Tang Clan from an underground supergroup to a globally recognized musical conglomerate. Enhanced by the author's one-on-one interviews with group members, the book covers the entire Wu-Tang Clan catalog of studio albums, as well as albums that were produced or heavily influenced by producer/rapper RZA. Wu-Tang Clan's albums are analyzed and

discussed in terms of their artistry as well as in terms of their critical, cultural, and commercial impact. By delving into the motivation behind the creation of pivotal songs and albums and mining their dense metaphor and wordplay, the book provides an understanding of what made a team of nine friends and relatives from Staten Island with a love of Kung Fu movies into not just a music group, but a powerful cultural movement.

Our Mecca Is Harlem - Prince A. Cuba 1995-05

The early history of the Five Percent movement and its founder, the former F.O.I. Clarence 13X. This is the authoritative collection of historical source material for the scholar researching the beginning of the Five Percent Cycle of the Nation of Islam.

Gods, Earths and 85ers - Pen Black 2011-10

GODS. EARTHS AND 85ers is a first time clear and precise look into one of the most misunderstood, controversial and sublime groups in American history. The Nation of Gods and Earths', otherwise known as The 5%ers, rich history and teachings are finally made available. Pen Black is someone who has learned and lived their lessons for over a decade. Find out why this very large and influential group of men and women consider themselves Gods and Earths, find out who they consider the Bloodsuckers of the Poor and who they consider the DEAF. DUMB, and BLIND. Find out why in the face of deadly opposition and governmental intervention this group has survived and gone on to influence a whole generation and Hip Hop movement. Gods, Earths and 85ers may be your only chance to find true knowledge, wisdom and understanding about the Nation of Gods and Earths. Black God - Dr. Supreme Understanding

#### 2013-12-13

The Lost-Found Nation of Islam in America - Clifton E. Marsh 2000-03-22
This book sheds light on The Nation of Islam and Minister Louis Farrakhan, from the ideological splits in the Nation of Islam during the 1970s, to the growth and expanding influence in the 1990s.

Musa and the All-Seeing-Eye - Prince A. Cuba 1991-07

Through extensive scholarship, the analysis of the hieroglyphic text of the Egyptian Book of the Dead, and the Hebrew Torah of Moses, the author of Musa and the All-Seeing-Eye reveals long hidden knowledge concealed from the masses by secret societies and ignorant religious authorities.

**Knowledge of Self** - Supreme Understanding 2009-07-30

Do you know who - and what - you are? Do you know who you're meant to be? Do you

know how to find the answers to questions like these? Knowledge of Self is the result of a process of self-discovery, but few of us know where to begin when we're ready to start looking deeper. Although selfactualization is the highest of all human needs, it is said that only 5% of people ever attain this goal. In the culture of the Nation of Gods and Earths, commonly known as the Five Percent, students are instructed that they must first learn themselves, then their worlds, and then what they must do in order to transform their world for the better. This often intense process has produced thousands of revolutionary thinkers in otherwise desperate environments, where poverty and hopelessness dominate. Until now, few mainstream publications have captured the brilliant yet practical perspectives of these luminary men and women. Knowledge of Self: A Collection of Writings on the Science of Everything in Life presents the thoughts of Five Percenters, both young and old, male and female, from all over the globe, in their own words. Through essays, poems, and even how-to articles, this anthology presents readers with an accurate portrait of what the Five Percent study and teach, as well as sound direction on how to answer timeless questions like: Who am I, and why am I here? Why is there so much injustice in the world, and what can be done about it? Who is God and where on Earth is he? How do I improve myself without losing myself? Why are people of color in the situations they're in? What can we do about the global problems of racism and poverty? The Black Angels - Sterling Hobbs 1993

**Five Percenter Rap** - Felicia M. Miyakawa 2005

Hip-hop evangelism--a compelling look at a rap subgroup that explores its musical,

social, and political contexts.

The Original Man - Born Power 2018-05-22 What is knowledge of self and why must black people have it? Understand white supremacy and how it relates to the current state of blacks in America and around the world.

**The Supreme Wisdom** - Elijah Muhammad 2008-11-10

This title is the first of two volumes of a comprehensive overview of the Nation of Islam's policies, positions and practices. Supreme 120 Lessons - The Department of Supreme Wisdom 2010-03-10 This is the smaller traveler's size version of the full-sized lesson manual.

**The Fall of America** - Elijah Muhammad 1973

This title deals with many prophetic and well as historical aspects of Elijah Muhammad's teaching. It chronologically cites various aspects of American history, its actions pertaining to the establishment and treatment of its once slaves, which is shown to be a significant cause of America's fall.

Why I Am a Five Percenter - Michael Muhammad Knight 2011-10-13 A thoughtful, insider view of The Five Percenters-a deeply complex and misunderstood community whose ideas and symbols influenced the rise of hip-hop. Misrepresented in the media as a black parallel to the Hell's Angels, portrayed as everything from a vicious street gang to guasi- Islamic revolutionaries, The Five Percenters are a movement that began as a breakaway sect from the Nation of Islam (NOI) in 1960s Harlem and went on to impact the formation of hip-hop. References to Five Percent language and ideas are found in the lyrics of wide-ranging artists, such as Nas, Rakim, the Wu-Tang Clan, and even Jay-Z. The Five Percenters are

denounced by white America as racists, and orthodox Islam as heretics, for teaching that the black man is Allah, Michael Muhammad Knight ("the Hunter S. Thompson of Islamic literature" -The Guardian) has engaged this culture as both white and Muslim; and over the course of his relationship with The Five Percenters, his personal position changed from that of an outsider to an accepted participant with his own initiatory name (Azreal Wisdom). This has given him an intimate perch from which to understand and examine the controversial doctrines of this influential movement. In Why I Am a Five Percenter, Knight strips away years of sensationalism to offer a serious encounter with Five Percenter thought. Encoded within Five Percent culture is a profound critique of organized religion, from which the movement derives its name: Only Five Percent can act as "poor righteous

teachers" against the evil Ten Percent, the power structure which uses religion to deceive the Eighty-Five Percent, the "deaf, dumb, and blind" masses. Ouestioning his own relationship to the Five Percent, Knight directly confronts the community's most difficult teachings. In Why I Am a Five Percenter, Knight not only illuminates a thought system that must appear bizarre to outsiders, but he also brilliantly dissects the very issues of "insiders" and "outsiders," territory and ownership, as they relate to religion and privilege, and to our conditioned ideas about race. Hip Hop around the World [2 volumes] -Melissa Ursula Dawn Goldsmith 2018-12-01 This set covers all aspects of international hip hop as expressed through music, art, fashion, dance, and political activity. Hip hop music has gone from being a marginalized genre in the late 1980s to the predominant style of music in America, the

UK, Nigeria, South Africa, and other countries around the world. Hip Hop around the World includes more than 450 entries on global hip hop culture as it includes music, art, fashion, dance, social and cultural movements, organizations, and styles of hip hop. Virtually every country is represented in the text. Most of the entries focus on music styles and notable musicians and are unique in that they discuss the sound of various hip hop styles and musical artists' lyrical content, vocal delivery, vocal ranges, and more. Many additional entries deal with dance styles, such as breakdancing or b-boying/b-girling, popping/locking, clowning, and krumping, and cultural movements, such as black nationalism, Nation of Islam, Five Percent Nation, and Universal Zulu Nation. Country entries take into account politics, history, language, authenticity, and personal and community identification. Special care is

taken to draw relationships between people and entities such as mentor-apprentice, producer-musician, and more.

The Nation of Gods and Earths - John

Stinson 2020-06-20

The book has a lot of history and science in it. The book will open your mind to a lot of things you didn't know and it is extremely high in intelligence.
