## **Wilhelm Reich and Orgonomy** - Ola

Raknes 2004

Here is an authoritative introduction to Wilhelm Reich's science of life energy, or orgonomy. Ola Raknes covers every aspect of this controversial subject, explaining among much else the liberation of sexual energy, the nature of functional thinking, mind-body functional identity, the four-beat orgasm formula, and the bearing of life energy on religion, education, medicine and psychology. In addition, his own reminiscences provide an unexpected personal dimension. At the time of Reich's death in a federal penitentiary, Raknes was one of the few men still loyal to him and one of the few to enjoy his full confidence. Because Raknes worked so closely with Reich and later followed every development of orgonomic research, Wilhelm Reich and Orgonomy fills an important place both in the context of Reich's own writings and in

current studies of life energy.

[The Embodied Analyst](#) - Jon Sletvold

2014-01-03

2015 Gradiva Award Winner The Embodied Analyst brings together the history of embodied analysis found in the work of Freud and Reich and contemporary relational analysis, particularly as influenced by infant research. By integrating the 'old' embodied and the 'new' relational traditions, the book contributes to a new clinical perspective focusing on form and process rather than content and structure - the 'how', rather than the 'what' and the 'why'. This perspective is characterised by a focus on movement, emotional interaction and the therapists own bodily experience in the analytic encounter. Jon Sletvold presents a user-friendly approach to embodied experience, providing the history, theory, training and practice of embodied

experience and expression as a way of expanding clinical attention. Starting with a Spinozan view of the embodied mind, Part One: History of Embodied Psychoanalysis presents an overview of the history of the field in the works of Freud and Reich as well as a look at the Norwegian Character Analytic tradition . Part Two: Conceptual Framework and Clinical Guidelines explains how clinical interaction can be navigated based on the embodied concepts of subjectivity, intersubjectivity and reflexivity. Part Three: Embodied Training and Supervision presents innovative approaches to training in emotional communication inspired by the performing arts. The book ends with a consideration of the embodied analyst in the 21st century consulting room. Capturing key aspects of a transitional movement in the development of psychoanalysis and psychotherapy, The Embodied Analyst is ideal for those working

and training in psychoanalysis and psychotherapy.

**Orgone, Reich, and Eros** - William Edward Mann 1973

In Defense of Wilhelm Reich - James DeMeo 2012-08

Wilhelm Reich has been chronically slandered and misrepresented in the popular media, and in "scientific" circles, beyond all rationality. His controversial research findings have been replicated by other scholars and scientists, but the entire subject of his work has been a serious Taboo for decades. Natural Scientist DeMeo corrects the record.

**The Emotional Plague** - Charles Konia 2015-07-28

In this far-reaching, extensively researched, scholarly work, psychiatrist Charles Konia, M.D. makes the first comprehensive exploration and development of the

concepts first published in Wilhelm Reich's 1933 *The Mass Psychology of Fascism*. Dr. Konia's groundbreaking, highly original book examines from a unique, non-psychological perspective this pathology in human nature that has given us the likes of Hitler, Stalin, Pol Pot, and Saddam Hussein. This book will open your eyes to why every "great" social program failed in its original mission; why America is increasingly hated throughout the world; why a handful of despotic leaders can enslave millions of people; and why standards of decency and excellence continue to decline.

**Reich Speaks of Freud** - Wilhelm Reich  
2013-07-02

The core of this book is a tape-recorded interview of Wilhelm Reich, conducted by a representative of the Sigmund Freud Archives, Inc. Published here for the first time, it is a profoundly human and an unusually candid document that supplies a

long-awaited clarification of the relationship between Reich and Freud. Reich discusses the personally tragic but scientifically vital implications of his relationship with Sigmund Freud in a manner both simple and concise, placing the reader in a position to determine for himself what was at issue. The book has an extensive documentary supplement containing pertinent extracts from Reich's writings as well as previously unpublished material from his archives, including letters to Freud, Adler, Ferenczi, and others involved in the early struggles within psychoanalysis. It also includes documents revealing the unrelenting hostility of the psychoanalysts toward Reich.

**People In Trouble** - Wilhelm Reich  
1978-04

First published by Reich in 1953, *People in Trouble* is an autobiographical work in which Reich describes the development of

his sociological thinking from 1927 to 1937. In simple narrative form he recounts his personal experiences with major social and political events and ideas, and reveals how these experiences gradually led him to an awareness of the deep significance of the human character structure in shaping and responding to the social process. The importance of Karl Marx's work and its distortion by communist politicians plays an important role in Reich's account, as does the political activity in the International Psychoanalytic Association which led to his expulsion from that organization in 1934. The Norwegian press campaign against his biological experiments is also discussed. *People in Trouble* is the story of one man's courageous struggle to understand the political activity of his fellow men.

**You Can't Tell the People** - Georgina Bruni 2011-12-12

This is the casebook of the world's only

officially recognized UFO encounter that took place in the UK in December 1980. Previous accounts of the Rendlesham Forest incident have been flawed: people with axes to grind and little access to primary sources and discreditable single eyewitness accounts. Georgina Bruni has had access to police, Ministry of Defence and US military sources and her casebook reveals fresh information on the incident and the possible alien encounter that ensued. It includes interviews with those involved as well as other never-before-reported incidents in the area. The casebook also reveals details of the aftermath and the harsh treatment meted out to those who wavered from the "don't ask, don't tell" line of officialdom. 'While twenty years have passed, she brings new light to this story that just won't go away...' Major General Gordon E. Williams, USAF (Retired)

*The Bion Experiments on the Origins of Life*  
- Wilhelm Reich 2013-07-02

The Bion Experiments, published in a limited German edition in 1938 and now available in English for the first time, represents a cornerstone in Reich's scientific development. The work documents a series of experiments conducted in Oslo in 1936-37 in which Reich applied the formula of tension?charge?discharge?relaxation, derived from his research on the function of the orgasm, to the microscopic biological world, thereby opening a route to an understanding of the origin of life. This work is divided into two parts: the first, a detailed report on the experiments; the second, Reich's conclusions and an exposition of his research method. The Bion Experiments provides a unique insight into Reich's scientific method, and makes available the experimental material

essential to understanding his later work with cancer and orgone biophysics.

*Wilhelm Reich and the Cold War* - James Edward Martin 2014-04-10

Wilhelm Reich, his colleagues, and his antagonists, are among the most influential groups of people of the 20th century. As a part of Sigmund Freud's psychoanalytic movement in Vienna, Reich is hailed as an innovator. His later work in the United States brought him to an ignominious end when he died in federal prison. Author and researcher James Edward Martin took up the subject of the controversial psychoanalytic pioneer and natural scientist, expecting to disprove Reich's suspicions that his detractors were predominantly communists and even Soviet spies. This led the author to dusty university archives across the United States and Europe, and to interview Reich's associates and relatives. You'll hear his

explanation of his tangled past involvement with a notorious den of Soviet moles, the Cambridge Five spy ring that included Anthony Blunt, Kim Philby, Donald Maclean and Guy Burgess. You'll learn how Stalin's agents used Reich's own techniques of character analysis in a perverted way, in order to find psychological hooks into the minds of innocent people, conforming them to the red thread of conspiracy. You'll see what Mildred Brady, a cheerleader for the Emotional Plague, did to her own daughter. You'll travel to Arizona, and visit the places where Reich conducted his atmospheric medicine, under the noses of officials in the government's weather modification center, the Institute of Atmospheric Physics. You'll join Albert Einstein at Princeton as he tests Reich's discoveries, confirms them experimentally but not pursuing them. You'll meet the famed Dr. James E. McDonald and his colleagues at the

University of Arizona, about McDonald's groundbreaking work on weather modification and UFO research - he was one of the first mainstream scientists to blow the whistle on a government cover-up. *Ether, God & Devil & Cosmic Superimposition* - Wilhelm Reich 1972 These companion volumes, long out of print, are now presented together for the first time so that the reader may better grasp their essential unity. In *Ether, God and Devil*, Wilhelm Reich describes the process of functional thinking and reveals how the inner logic of this objective thought technique led him to the discovery of cosmic orgone energy. In *Cosmic Superimposition*, Reich steps beyond the character structure of man to an understanding of how man is rooted in nature. The super-imposition of two orgone-energy systems which is demonstrable in the genital embrace is revealed as a

common functioning principal that exists in all of nature. Concluding this work, Reich returns to the human sphere "to ponder about the greatest riddle of all: the ability of man to think, and by mere thinking to know what nature is and how it works."

**THE PRANA PROGRAM - Effective & Enjoyable Evolution** - Jasmuheen

2007-02-01

Everything you need to know about prana. Alternate Energy for the New Millennium, including a Program for eliminating hunger in Third World countries. Can we eliminate all health & hunger challenges on our planet? Is there a way of satiating everyone's physical, emotional, mental and spiritual hungers and do it in a way that creates peace and harmony in our world? After over a decade of experiential research in the field of alternate nourishment utilizing chi or prana - also known as cosmic particles - Jasmuheen as leading

researcher in this field, now puts forth a program to do just that. Specializing in Third World countries, THE PRANA PROGRAM e-book is an encyclopedia of 'everything you always wanted to know about prana and more'. In Question & Answer format this book covers methods of nourishing and hydrating the body using an inner energy source produced in the body to free us from our dependence on world's food resources and changing the economic status of our world.

*Me and the Orgone* - Orson Bean 2000

*The Orgone Accumulator Handbook* - James DeMeo 2010

In the 1940s, Dr. Wilhelm Reich claimed discovery of a new form of energy. Declaring "the orgone energy does not exist," U.S. courts ordered all books on the orgone subject to be banned. Reich was thrown into prison, where he died. Dr.

DeMeo examines Reich's evidence and reports on his own observations and laboratory experiments, which confirm the reality of the orgone phenomenon.

Adventures in the Orgasmatron -

Christopher Turner 2011-06-07

One of The Economist's 2011 Books of the Year A Boston Globe Best Nonfiction Book of 2011 Well before the 1960s, a sexual revolution was under way in America, led by expatriated European thinkers who saw a vast country ripe for liberation. In *Adventures in the Orgasmatron*, Christopher Turner tells the revolution's story—an illuminating, thrilling, often bizarre story of sex and science, ecstasy and repression. Central to the narrative is the orgone box—a tall, slender construction of wood, metal, and steel wool. A person who sat in the box, it was thought, could elevate his or her "orgastic potential." The box was the invention of Wilhelm Reich, an

outrider psychoanalyst who faced a federal ban on the orgone box, an FBI investigation, a fraught encounter with Einstein, and bouts of paranoia. In Turner's vivid account, Reich's efforts anticipated those of Alfred Kinsey, Herbert Marcuse, and other prominent thinkers—efforts that brought about a transformation of Western views of sexuality in ways even the thinkers themselves could not have imagined.

*Heretics' Notebook* - James DeMeo

2002-01-01

Research Report and Journal of the Orgone Biophysical Research Laboratory, in Ashland, Oregon. Issue #5 of the Occasional Paper series, "Pulse of the Planet".

**The Cancer Biopathy** - Wilhelm Reich

2013-07-02

A Shrinking Disease Due to Chronic Sexual Starvation What is cancer? Traditionally, medical science has thought of it as an

invasive tumor arising spontaneously in an otherwise healthy organism. In contrast, Wilhelm Reich defines cancer not as a tumor--the tumor is merely a late manifestation of the disease--but as a systemic disease due to chronic thwarting of natural sexual functioning. In this radically different scientific investigation of a process that ends, literally, in the putrefaction of the living body due to chronic suffocation of the tissues, Reich has arrived at the conclusion that "cancer is the most significant somatic expression of the biophysiological effect of sexual stasis." If this is so, there is a far greater possibility for the prevention of cancer than for its treatment. The Cancer Biopathy is Volume II of The Discovery of the Orgone. Volume I is The Function of the Orgasm.

*Wilhelm Reich* - Robert S. Corrington

2003-07-14

A stirring reappraisal of the brilliant,

maligned psychoanalytic thinker Robert S. Corrington offers the first thorough reconsideration of Wilhelm Reich's life and work since Reich's death in 1957. Reich was seventeen years old at the outbreak of World War I and had already witnessed the suicides of his mother and father. A native of Vienna, he became a disciple of Freud; but by his late twenties, having already written his classic *The Function of the Orgasm*, he fled the Third Reich and departed, too, from Freudian psychoanalysis. In *The Mass Psychology of Fascism*, Reich first took the now classic position that social behavior has its every root in sexual behavior and repression. But the psychoanalytic community was made uncomfortable by this claim, and it was said -- by the time of Reich's death in an American prison on dubious charges brought by the federal government -- that Reich had squandered his prodigal genius

and surrendered to his own paranoia and psychosis, an opinion still responsible for the neglect and misconception of Reich's contribution to psychology. In this transfixing psychobiography, Corrington illuminates the themes and obsessions that unify Reich's work and reports on Reich's fascinating, unrelenting one-man quest to probe the ultimate structures of self, world, and cosmos.

Wilhelm Reich Biographical Material - Wilhelm Reich 1953

**Selected Writings** - Wilhelm Reich 1963  
This anthology is not intended to replace any of the works of Wilhelm Reich, but rather to serve as an introduction to them. The chapters include material from *The Function of the Orgasm*; *The Cancer Biopathy*; *Character Analysis*; *Ether, God and Devil*; *Cosmic Superimposition and The Murder of Christ*. In addition the volume

reprints many important later articles from various journals.

Wilhelm Reich and the Healing of Atmospheres - Roberto Maglione 2011-11  
A scientific overview of Wilhelm Reich's discovery of the atmospheric orgone or life-energy, and applications of Cosmic Orgone Engineering, or "cloudbusting" as it is more popularly known. Covers Reich's experiments, and those of his associates, with sections devoted to more recent CORE research by: Richard Blasband, Jerome Eden, and James DeMeo, among others. Presents experiments for drought-abatement and greening of deserts in the USA, Europe, Africa, the Middle East, all with positive results supportive of Reich's original claims. Comprehensive with numerous photos, diagrams, graphs and full citation-lists. Translated from the original Italian, with a Foreword by James DeMeo.  
**Emotional Armoring** - Morton Herskowitz

1997

**The Montauk Project - Experiments in Time** - Preston B. Nichols 2018-11-14

Personal story of Preston Nichols and how radar was used to manipulate matter and time itself beginning with the Philadelphia Experiment and was further developed at Montauk. This edition includes the original text plus details over two decades worth of investigation leading to the scientific proof of actual time travel capabilities plus patent.

A UFO Hunter's Guide - Bret Lueder  
2012-08-01

Alien abductions. Repeated UFO sightings. Conspiracies and cover-ups. Whether you're a skeptic or a believer, UFOs are part of our culture. How to sort out fact from fiction? A UFO Hunter's Guide has the answers: the facts, figures, people, places, and events that make up the modern scope of UFO-

ology. A UFO Hunter's Guide features: Competing theories about UFOs Famous cases and hot spots around the world Field tips from investigators and researchers An extensive list of international UFO research societies. Lueder cites the contributions and findings of world-renowned researchers Zecharia Sitchin, William Bramley, Jordan Maxwell, Nancy Red Star, Stanton Friedman, Dr. Carl Sagan, Jacques Vallee, Raymond Fowler, and many others, along with a vast array of case sightings, alleged contacts, and abductions. Whether you're simply curious or a researcher with a serious interest in uncovering the truth about UFOs, A UFO Hunter's Guide is a valuable resource.

**Fury On Earth** - Myron Sharaf 1994-03-22

**On Wilhelm Reich and Orgonomy** -

James DeMeo 2015-06-30

This compendium on Wilhelm Reich and his

Orgonomic Science contains around 20 different scientific and historical articles and reports by different authors, and stands as an excellent reference and update for those with an interest in the subject. Edited by James DeMeo, PhD, Director of the Orgone Biophysical Research Lab in Ashland, Oregon, "On Wilhelm Reich and Ergonomy" contains the following major articles: \* Wilhelm Reich in Denmark, by Ellen Siersted. \* The Jailing of a Great Scientist, by Lois Wyvell. \* Eyewitness Report on the FDA burning of Wilhelm Reich's books, by Victor Sobey. \* Why is Reich Never Mentioned? by R.D. Laing. \* The Biophysical Discoveries of Wilhelm Reich, by James DeMeo. \* Electron Microscope Photos of Bions from Iron Dust, by Stephen Shanahan. \* Three Mile Island Revisited, by Mitzuru Katagiri and Aileen Smith. \* OROP Israel 1991-1992: A Cloudbusting Experiment..., by James

DeMeo. \* HIV is Not the Cause of AIDS, by James DeMeo. \* Anti-Constitutional Activities and Abuse of Police Power by the FDA and Other Government Agencies, by James DeMeo. \* Summerhill at 70, by Matthew Appleton. \* The Beauty of Children: Through a Child's Eyes, by Deborah Carrino. \* Modern Medical-Genetic Quackery. \* Weather Anomalies and Nuclear Testing. Plus short notes and reports on Science, Nuclear Energy, Environment, Sexuality, Health and Biology. Originally published in 1993 as the Number 4 issue of the periodical "Pulse of the Planet," this work was one of several Occasional Reports from the Orgone Biophysical Research Lab. This new high-quality reprint edition under a book title carries most all of the original content, with updated contact information.

**Character Analysis - Wilhelm Reich 1980-11**

The German psychologist describes his theories of psychoanalysis and the biological and psychological bases of neuroses

*The Murder of Christ* - Wilhelm Reich  
2013-07-02

In this profound and moving work, the scientist Wilhelm Reich explores the meaning of Christ's life and reveals the hidden, universal scourge that caused his agonizing death--The Emotional Plague of Mankind. Reich contends that man is faced with full responsibility for the murder of Christ all through the ages--for the murder of fellow human beings, no matter what the circumstances. Here is the blunt truth about people's true ways of being, acting and emotional reacting. Here, also, the lesson of the murder of Christ is applied to the contemporary social scene. The tragedy of Reich's own death points up the fact that the problems presented in THE MURDER

OF CHRIST are acute problems of present-day society.

**Orgonomic Sciences Handbook - a brief narrated history of Wilhelm Reich's greatest discoveries** - Leopoldo Orsini Corvetti 2019-12-12

A curated historical overview of Wilhelm Reich researches, mainly focusing on his ideas regarding a new type of energy with biophysical effects and experimental evidence of its existence from the ancient Egyptians to the modern era.

**A Book of Dreams** - Peter Reich  
2011-02-08

**The Science of Orgonomy** - Pierre F. Walter 2010-11-14

THE SCIENCE OF ORGONOMY, Revised Edition, 2012, is a collection of essays on Wilhelm Reich; there are two essays in English language, entitled 'Reich's Greatest Discoveries' and 'Orgonomy and

Schizophrenia' and one essay in German language entitled 'Wilhelm Reich und Orgonomie'. The author understands his engagement for Reich as a contribution to the rehabilitation of one of the greatest, but also one of the most misunderstood, scientists of the 20th century. Reich's Greatest Discoveries is a science essay about Wilhelm Reich's unique orgone research, a new branch of science that at present gains importance because it has shown us ways out of the ecological impasse. Despite the outstanding discoveries that Wilhelm Reich made and the methodological soundness of the new science he founded and that he termed orgonomy, Western science until very recently denied the energy principle, while now, the dynamic-functional, holistic, ethereal and patterned nature of the universe is beginning to be recognized. Wilhelm Reich, as early as in 1945,

achieved complete healing of a female schizophrenic patient using bioenergetic or, as Reich termed it, orgonotic treatment. Reich described the treatment in a case report entitled 'The Schizophrenic Split' that was never published and that I ordered from the Wilhelm Reich Museum in Rangeley, Maine. Many a reader, and certainly mental health professionals, know about the ground-breaking work of Ronald David Laing and other members of the movement of antipsychiatry regarding the alternative treatment of schizophrenia. However, small is the number of individuals who have noticed that Wilhelm Reich's research and mental health treatment approach by far preceded those much more well-known and acclaimed methods. In fact, Reich achieved remarkable results with simply redirecting the patient's orgonotic energy flow. Reich's schizophrenia treatment seems revolutionary; however

only in the eyes of Western torture psychiatry. For those who, like me, have had a deeper look into Chinese medicine, acupuncture and the energetic principles of Feng Shui, Reich's holistic science approach and his cancer biopathy appear logical, systemically sound and effective.

**The Discovery of the Orgone** - Wilhelm Reich 1948

*Man in the Trap* - Elsworth F. Baker 2000

The Mass Psychology of Fascism - Wilhelm Reich 1970

In this classic study, Reich repudiates the concept that fascism is the ideology or action of a single individual or nationality, or of any ethnic or political group. Instead he sees fascism as the expression of the irrational character structure of the average human being whose whose primary biological needs and impulses have been

suppressed for thousands of years.

**Paranormal Parasites** - Nick Redfern  
2018-09-08

The terrifying truth is that the Earth is one big farm. And to paranormal parasites...we are the cattle. Most people remain oblivious to the truth—there's a monstrous menagerie of supernatural entities that feed upon human victims without our knowledge. Fueling themselves with our psychic energy, high states of emotion, and essential life force, these dark entities attack as we sleep and even in our waking hours, terrifying and tormenting unsuspecting souls whenever and wherever they can. Join Nick Redfern as he delves deep into the long history of struggle between us and them. Learn the ways of Shadow People, supernatural seducers, poltergeists, tulpas, the Slenderman, Men in Black, and many other types of energy creatures. With this exciting book's help,

you'll be ready to face the ancient evil that has lurked in the shadows of mankind since the beginning of time.

**Contact with Space** - Wilhelm Reich

2018-10-26

"Contact With Space" contains the result of six years of intensive research and fieldwork.

**Anxiety and Neurosis** - Charles Rycroft

2018-03-26

Anxiety may be debilitating or stimulating; it can result in neurotic symptoms or in improved, heightened performance in an actor or athlete. It is something every human being has experienced. As Professor G. M. Carstairs points out in his Foreword: 'During the course of the twentieth century we have found it progressively easier to concede that we are all too often swayed by emotion rather than reason. We have come to recognize the symptoms of neurotically ill patients are only an exaggeration of

experiences common to us all, and hence that the unraveling of the psychodynamics of neurosis can teach us more about ourselves'. Although Charles Rycroft is also a psychoanalyst, it is as a biologist that he has made this study of anxiety, the three basic responses to it - attack, flight or submission - and the obsessional, phobic and schizoid and hysterical defenses. Written in precise but everyday language, Anxiety and Neurosis is based on adult experiences rather than the speculative theories of infantile instinctual development. Its clarity and authority can only add to Dr Rycroft's established international reputation.

E-Book Energy Medicine East and West -

David F. Mayor 2011-05-31

Energy Medicine East and West: A Natural History of Qi provides a unique, comprehensive overview of Qi or bioenergy for students and practitioners of energy

medicines, Chinese and Oriental Medicine, and all disciplines of Complementary and Integrative Medicine. Mayor and Micozzi start with a comparative historical account of the ancient concepts of Qi and vital energy before covering theories of Qi, a discussion of the organized therapeutic modalities based upon Qi and its applications to specific health and medical conditions. Contributions are included from international experts in the field. The book moves from anatomical and bioenergetic complementarity of Western vital energy and Eastern Qi, through convergence of perspectives and models to demonstrations of how the traditional therapies are being melded together in a new, original and creative synthesis. David Mayor and Marc Micozzi are experienced medical practitioners, authors and editors. David Mayor has been actively involved in bioenergy research, practice and publishing

for over 30 years, and is author/editor of *Electroacupuncture: A practical manual and resource* (2007), as well as other acupuncture texts and studies. Marc Micozzi is Professor in the Department of Physiology and Biophysics at Georgetown University School of Medicine, Washington, DC. As author/editor of *Fundamentals of Complementary & Alternative Medicine, 4E* (2011), and 25 other books, he has been writing, editing and teaching on bioenergy, Qi and related topics for 20 years. Endorsements "This wonderful book has assembled some 25 authors expressing well a view of qi which entirely does justice to its nature. Meticulously referenced, it is a milestone to set beside Maciocias *Foundations of Chinese Medicine* and *Deadmans Manual of Acupuncture*. Here at last are the beginnings of a true science of qi...There is truly nothing like it in contemporary literature. Alone, it lays the

foundation for the beginnings of a modern science of qi."Richard Bertschinger, Acupuncturist and translator, Somerset, UK. "This book offers a timely and thorough examination of the experience and nature of qi, including a series of fascinating philosophical discussions with a direct application to our patients. Required reading for acupuncture practitioners seeking to justify and clarify their clinical reasoning."Val Hopwood PhD FCSP, Physiotherapist, acupuncturist, researcher and educator; Course director, MSc Acupuncture, Coventry University, UK. "Over the last decade most books on Asian medicine paid tribute to the aura of evidence-based medicine - experience counted little, RCTs were convincing. This book, at last, returns to an old tradition of debate, opening up quite a few new horizons. Reading it, my striving for knowledge was married with enjoyment and

happiness. This book made me happy!" Thomas Ots MD PhD, Medical acupuncturist specialising in psychiatry, Graz, Austria; Editor-in-Chief, Deutsche Zeitschrift für Akupunktur. "To simply review the chapter headings is to know the truly remarkable expanse of this book...a wonderful bridge between the mysteries of the East and the sciences of the West...well documented, well written, and enlarging both. Enlightening...nicely depicts outstanding advances in energy psychotherapeutics, thus ultimately helping to move forward the human condition."Maurie D Pressman MD, Emeritus Clinical Professor of Psychiatry, Temple University School of Medicine, Philadelphia, PA; Emeritus Chairman of Psychiatry, Albert Einstein Medical Center, Philadelphia PA; past President, International Society for the Study of Subtle Energies and Energy Medicine, Lafayette,

CO, USA.
