Storyteller - Leslie Marmon Silko 2012-09-25

Storyteller blends original short stories and poetry influenced by the traditional oral tales that Leslie Marmon Silko heard growing up on the Laguna Pueblo in New Mexico with autobiographical passages, folktales, family memories, and photographs. As she mixes traditional and Western literary genres, Silko examines themes of memory, alienation, power,

and identity; communicates Native American notions regarding time, nature, and spirituality; and explores how stories and storytelling shape people and communities. Storyteller illustrates how one can frame collective cultural identity in contemporary literary forms, as well as illuminates the importance of myth, oral tradition, and ritual in Silko's own work.

Ruby (Oprah's Book Club 2.0) - Cynthia Bond 2015-02-10

A New York Times bestseller and Oprah Book Club 2.0 selection, the epic, unforgettable story of a man determined to protect the woman he loves from the town desperate to destroy her. This beautiful and devastating debut heralds the arrival of a major new voice in fiction. Ephram Jennings has never forgotten the beautiful girl with the long braids running through the piney woods of Liberty, their small East Texas town. Young Ruby Bell, "the kind of pretty it hurt to look at," has suffered beyond imagining, so as soon as she can, she flees suffocating Liberty for the

bright pull of 1950s New York. Ruby quickly winds her way into the ripe center of the city—the darkened piano bars and hidden alleyways of the Village—all the while hoping for a glimpse of the red hair and green eyes of her mother. When a telegram from her cousin forces her to return home, thirty-year-old Ruby finds herself reliving the devastating violence of her girlhood. With the terrifying realization that she might not be strong enough to fight her way back out again, Ruby struggles to survive her memories of the town's dark past. Meanwhile, Ephram must choose between loyalty to the sister who raised him and the chance for a life with the woman he has loved since he was a boy. Full of life, exquisitely written, and suffused with the pastoral beauty of the rural South, Ruby is a transcendent novel of passion and courage. This wondrous page-turner rushes through the red dust and gossip of Main Street, to the pit fire where men swill bootleg

outside Bloom's Juke, to Celia Jennings's kitchen, where a cake is being made, yolk by yolk, that Ephram will use to try to begin again with Ruby. Utterly transfixing, with unforgettable characters, riveting suspense, and breathtaking, luminous prose, Ruby offers an unflinching portrait of man's dark acts and the promise of the redemptive power of love. Ruby was a finalist for the PEN America Robert Bingham Debut Novel Award, a Barnes & Noble Discover Great New Writers selection, and an Indie Next Pick.

Yellow Woman and a Beauty of the Spirit - Leslie Marmon Silko
2013-04-30

Bold and impassioned, sharp and defiant, Leslie Marmon Silko's essays evoke the spirit and voice of Native Americans. Whether she is exploring the vital importance literature and language play in Native American heritage, illuminating the inseparability of the land and the Native American people, enlivening the ways and wisdom of the old-time

people, or exploding in outrage over the government's long-standing, racist treatment of Native Americans, Silko does so with eloquence and power, born from her profound devotion to all that is Native American. *Yellow Woman and a Beauty of the Spirit* is written with the fire of necessity. Silko's call to be heard is unmistakable; there are stories to remember, injustices to redress, ways of life to preserve. It is a work of major importance, filled with indispensable truths--a work by an author with an original voice and a unique access to both worlds.

How We Show Up - Mia

Birdsong 2020-06-02

An Invitation to Community and Models for Connection After almost every presentation activist and writer Mia Birdsong gives to executives, think tanks, and policy makers, one of those leaders quietly confesses how much they long for the profound community she describes. They have family, friends, and colleagues, yet they still feel like they're standing alone. They're

"winning" at the American Dream, but they're lonely, disconnected, and unsatisfied. It seems counterintuitive that living the "good life"--the well-paying job, the nuclear family, the upward mobility--can make us feel isolated and unhappy. But in a divided America, where only a quarter of us know our neighbors and everyone is either a winner or a loser, we've forgotten the key element that helped us make progress in the first place: community. In this provocative, groundbreaking work, Mia Birdsong shows that what separates us isn't only the ever-present injustices built around race, class, gender, values, and beliefs, but also our denial of our interdependence and need for belonging. In response to the fear and discomfort we feel, we've built walls, and instead of leaning on each other, we find ourselves leaning on concrete. Through research, interviews, and stories of lived experience, *How We Show Up* returns us to our inherent connectedness where we find strength, safety, and support in vulnerability and

generosity, in asking for help, and in being accountable. Showing up--literally and figuratively--points us toward the promise of our collective vitality and leads us to the liberated well-being we all want.

When Rain Clouds Gather -

Bessie Head 2013-09-23

Rural Botswana is the backdrop for *When Rain Clouds Gather*, the first novel published by one of Africa's leading woman writers in English, Bessie Head (1937-1986). Inspired by her own traumatic life experiences as an outcast in Apartheid South African society and as a refugee living at the Bamangwato Development Association Farm in Botswana, Head's tough and telling classic work is set in the poverty-stricken village of Golema Mmidi, a haven to exiles. A South African political refugee and an Englishman join forces to revolutionize the villagers' traditional farming methods, but their task is fraught with hazards as the pressures of tradition, opposition from the local chief, and the unrelenting

climate threaten to divide and devastate the fragile community. Head's layered, compelling story confronts the complexities of such topics as social and political change, conflict between science and traditional ways, tribalism, the role of traditional African chiefs, religion, race relations, and male-female relations.

Dreaming in Cuban - Cristina García 2011-06-08

"Impressive . . . [Cristina García's] story is about three generations of Cuban women and their separate responses to the revolution. Her special feat is to tell it in a style as warm and gentle as the 'sustaining aromas of vanilla and almond,' as rhythmic as the music of Beny Moré."—Time Cristina

García's acclaimed book is the haunting, bittersweet story of a family experiencing a country's revolution and the revelations that follow. The lives of Celia del Pino and her husband, daughters, and grandchildren mirror the magical realism of Cuba itself, a landscape of beauty and poverty, idealism and corruption. Dreaming in Cuban is "a work that possesses both the intimacy of a Chekov story and the hallucinatory magic of a novel by Gabriel García Márquez" (The New York Times). In celebration of the twenty-fifth anniversary of the novel's original publication, this edition features a new introduction by the author. Praise for Dreaming in Cuban "Remarkable . . . an intricate weaving of dramatic events with the supernatural and the cosmic . . . evocative and lush."—San Francisco Chronicle "Captures the pain, the distance, the frustrations and the dreams of these family dramas with a vivid, poetic prose."—The Washington Post "Brilliant . . . With tremendous skill, passion and humor, García

just may have written the definitive story of Cuban exiles and some of those they left behind.”—The Denver Post
Yellow Woman - Leslie Marmon Silko 1993

Ambiguous and unsettling, Silko's "Yellow Woman" explores one woman's desires and changes--her need to open herself to a richer sensuality. Walking away from her everyday identity as daughter, wife and mother, she takes possession of transgressive feelings and desires by recognizing them in the stories she has heard, by blurring the boundaries between herself and the Yellow Woman of myth.

The Man to Send Rain Clouds - Kenneth Rosen
1992-12-01

Fourteen stories about the strength and passion of today's American Indian—including six from the acclaimed Leslie Marmon Silko. Anthropologists have long delighted us with the wise and colorful folktales they transcribed from their Indian informants. The stories in this collection are another matter altogether: these are white-

educated Indians attempting to bear witness through a non-Indian genre, the short story. Over a two-year period, Kenneth Rosen traveled from town to town, pueblo to pueblo, to uncover the stories contained in this volume. All reveal, to varying degrees and in various ways, the preoccupations of contemporary American Indians. Not surprisingly, many of the stories are infused with the bitterness of a people and a culture long repressed. Several deal with violence and the effort to escape from the pervasive, and so often destructive, white influence and system. In most, the enduring strength of the Indian past is very much in evidence, evoked as a kind of counterpoint to the repression and aimlessness that have marked, and still mark today, the lives of so many American Indians.

A frivolous, wealthy family's garden party continues uninterrupted by the death of a working-class neighbor.

Book of Clouds - Chloe Aridjis
2009-03-10

A young Mexican woman adrift in post-unification Berlin encounters romance, violence, and revelation in this “stirring and lyrical first novel” (Paul Auster, award-winning author and filmmaker). Having escaped her overbearing family in Mexico, Tatiana settles in the newly reunified city of Berlin, where she hopes to cultivate a life of solitude. But when she takes a job transcribing notes for the reclusive historian, Doktor Weiss, Tatiana’s simple life becomes more complex—and more perilous. Through Weiss, she meets a young meteorologist who, as a child in East Germany, took solace in the sky’s constant shape-shifting, an antidote to his grim and unchanging reality. As their three conflicting worlds begin to merge, the tension culminates in an act of violence that will leave none of them untouched. Unfolding with the logic of a dream, *Book of Clouds* is both “a stunningly accurate portrait of Berlin” and a beautiful exploration of the

myths we cling to in order to give our lives meaning. From a crowded U-Bahn where Hitler appears dressed as an old woman to an underground Gestapo bowling alley whose walls bear score marks from games long settled, Chloe Aridjis guides us through layers of history with wit and compassion, blurring the lines between real and imagined. Her debut novel is “required reading of the most pleasurable sort” (The New York Times). Named one of the 10 Best Books Set in Berlin by The Guardian.

It's OK Little Rain Cloud to Cry -

Charlie Shull 2021-11-05

Children’s picture book about mental health and learning

healthy coping skills. Around the whole world, we as humans are hurting right now. Depression, anxiety, fear, and behavioral addictions are all on the rise, and understandably so. Sadly, many of us never saw healthy coping skills modeled by our parents or peers. But how can we, as imperfect people, be good role models? How can we even start such big conversations with our little ones? It all starts with a simple question: how are you feeling today? When you join The Little Rain Cloud community, you are joining a global movement to change the future and make our world a healthier and happier place, simply by making space for emotions. You do not have to be perfect, you just need to share how you feel. Together, the story and song of "It's OK Little Rain Cloud to Cry" help teach kids (and adults too) how to share and cope with their feelings in healthy ways. At first, your kids will see that the Little Rain Cloud is sad, tries to avoid its feelings, and then runs away. But after the Mountain sings the "It's OK

Little Rain Cloud to Cry" song, the Little Rain Cloud shares its feelings and cries through the whole valley, bringing new life and happiness after the rain. You can create your own version of the song, listen to the angelic Charity Waweru singing the "official version" (streaming everywhere), or learn how to play the song yourself using the music lead sheet that is included in the book. Even if you can't sing, like Charlie the author, try singing this song the next time you feel mad or sad or just a little blue. Gotta watch the book trailer too. It was made by kids for kids so that kids can see their peers modeling healthy coping skills. **WARNING:** it's absolutely precious so be prepared to laugh, cry, or laugh and cry at the same time. Find it on Charlie's author profile, YouTube, or Instagram. A note from Charlie: We all struggle from time to time, and sadly we often struggle alone in silence. I do not know what keeps us silent, but I do know that it's OK to cry. I hope through this book we all can learn to cry and

laugh with the ones we love a little more often.

To Sir Phillip, With Love -

Julia Quinn 2009-10-13

Sir Phillip knew that Eloise Bridgerton was a spinster, and so he'd proposed, figuring that she'd be homely and unassuming, and more than a little desperate for an offer of marriage. Except . . . she wasn't. The beautiful woman on his doorstep was anything but quiet, and when she stopped talking long enough to close her mouth, all he wanted to do was kiss her . . . and more. Did he think she was mad? Eloise Bridgerton couldn't marry a man she had never met! But then she started thinking . . . and wondering . . . and before she knew it, she was in a hired carriage in the middle of the night, on her way to meet the man she hoped might be her perfect match. Except . . . he wasn't. Her perfect husband wouldn't be so moody and ill-mannered, and while Phillip was certainly handsome, he was a large brute of a man, rough and rugged, and totally unlike the London gentlemen vying for her

hand. But when he smiled . . . and when he kissed her . . . the rest of the world simply fell away, and she couldn't help but wonder . . . could this imperfect man be perfect for her?

At the center of this struggle is Indigo, who is ripped from her tribe, the Sand Lizard people, by white soldiers who destroy her home and family. 438 Days - Jonathan Franklin
2015-11-17

The miraculous account of the man who survived alone and adrift at sea longer than anyone in recorded history. For fourteen months, Alvarenga survived constant shark attacks. He learned to catch fish with his bare hands. He built a fish net from a pair of empty plastic bottles. Taking apart the outboard motor, he fashioned a huge fishhook. Using fish vertebrae as needles, he stitched together his own clothes. Based on dozens of hours of interviews with Alvarenga and interviews with

his colleagues, search and rescue officials, the medical team that saved his life and the remote islanders who nursed him back to health, this is an epic tale of survival. Print run 75,000.

[You've Got to Read this](#) - Ron Hansen 1994

"An exciting new anthology of short fiction chosen by thirty-five of this country's most distinguished and popular fiction writers, *You've Got to Read This* offers readers an unusually intimate glimpse into how accomplished writers experience literature." "Here are stories that inspired today's leading novelists and short-story writers to embark on their own writing careers, stories that took their breath away and changed them, or the way they responded to literature, forever. Oscar Hijuelos confesses his debt to the great Argentine writer Jorge Luis Borges, whose brilliant story "The Aleph" inspired him to become a writer himself. Mary Gordon stands in awe of what James Joyce wrought in "The Dead," and wonders how writers who come

after him can equal it. Robert Coover writes movingly of Angela Carter and her mysterious story "Reflections," while Kenneth A. McClane says that "Sonny's Blues" by James Baldwin literally saved his life." "Some of the stories presented here are classics, like Anton Chekhov's "Gooseberries," introduced by Eudora Welty, or Flannery O'Connor's "A Good Man Is Hard to Find," selected by Sue Miller. Some are less well known, like Lars Gustafsson's "Greatness Strikes Where It Pleases," introduced by Charles Baxter, or John Updike's "Packed Dirt, Churchgoing, a Dying Cat, a Traded Car," whose beauty stunned Lorrie Moore." "All were critically important to some of our finest contemporary writers - among them Annie Dillard, John Irving, Amy Tan, Louise Erdrich, Russell Banks, Jane Smiley, Bobbie Ann Mason, Tobias Wolff - and their comments about the selections offer fascinating entrances into the stories. For lovers of fiction, You've Got to Read This is a treasure trove, a

dazzling collection of stories passionately and imaginatively chosen."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Almanac of the Dead - Leslie Marmon Silko 1992-11-01
"To read this book is to hear the voices of the ancestors and spirits telling us where we came from, who we are, and where we must go." —Maxine Hong Kingston
From critically acclaimed author Leslie Marmon Silko, an epic novel about people caught between two cultures and two times: the modern-day Southwest, and the places of the old ones, the native peoples of the Americas. In its extraordinary range of character and culture, *Almanac of the Dead* is fiction on the grand scale, a brilliant, haunting, and tragic novel of ruin and resistance in the Americas. At the heart of this story is Seese, an enigmatic survivor of the fast-money, high-risk world of drug dealing—a world in which the

needs of modern America exist in a dangerous balance with Native American traditions. Seese has been drawn back to the Southwest in search of her missing child. In Tuscon, she encounters Lecha, a well-known psychic who is hiding from the consequences of her celebrity. Lecha's larger duty is to transcribe the ancient, painfully preserved notebooks that contain the history of her own people—a Native American *Almanac of the Dead*. Through the violent lives of Lecha's extended family, a many-layered narrative unfolds to tell the magnificent, tragic, and unforgettable story of the struggle of native peoples in the Americas to keep, at all costs, the core of their culture: their way of seeing, their way of believing, their way of being.

Tayo's quest leads him back to the Indian past and its traditions, to beliefs about witchcraft and evil, and to the ancient stories of his people. The search itself becomes a ritual, a curative ceremony that defeats the most virulent of afflictions—despair.

The Book of Job - Harold S.

Kushner 2012-10-02

Part of the Jewish Encounter series From one of our most trusted spiritual advisers, a thoughtful, illuminating guide to that most fascinating of biblical texts, the book of Job, and what it can teach us about living in a troubled world. The story of Job is one of unjust things happening to a good man. Yet after losing everything, Job—though confused, angry, and questioning God—refuses to reject his faith, although he challenges some central aspects of it. Rabbi Harold S. Kushner examines the

questions raised by Job's experience, questions that have challenged wisdom seekers and worshippers for centuries. What kind of God permits such bad things to happen to good people? Why does God test loyal followers? Can a truly good God be all-powerful? Rooted in the text, the critical tradition that surrounds it, and the author's own profoundly moral thinking, Kushner's study gives us the book of Job as a touchstone for our time. Taking lessons from historical and personal tragedy, Kushner teaches us about what can and cannot be controlled, about the power of faith when all seems dark, and about our ability to find God. Rigorous and insightful yet deeply affecting, *The Book of Job* is balm for a distressed age—and Rabbi Kushner's most important book since *When Bad Things Happen to Good People*.

The Turquoise Ledge - Leslie Marmon Silko 2010-10-07

A highly original and poetic self-portrait from one of America's most acclaimed writers. Leslie Marmon Silko's new book, her first in ten years, combines memoir with family history and reflections on the creatures and beings that command her attention and inform her vision of the world, taking readers

along on her daily walks through the arroyos and ledges of the Sonoran desert in Arizona. Silko weaves tales from her family's past into her observations, using the turquoise stones she finds on the walks to unite the strands of her stories, while the beauty and symbolism of the landscape around her, and of the snakes, birds, dogs, and other animals that share her life and form part of her family, figure prominently in her memories. Strongly influenced by Native American storytelling traditions, *The Turquoise Ledge* becomes a moving and deeply personal contemplation of the enormous spiritual power of the natural world-of what these creatures and landscapes can communicate to us, and how they are all linked. The book is Silko's first extended work of nonfiction, and its ambitious scope, clear prose, and inventive structure are captivating. *The Turquoise Ledge* will delight loyal fans and new readers alike, and it marks the return of the unique voice and vision of a gifted

storyteller.
