

Character Is Destiny Inspiring Stories Every Young Person Should Know And Adult Remember John McCain

Recognizing the pretentiousness ways to get this book **Character Is Destiny Inspiring Stories Every Young Person Should Know And Adult Remember John McCain** is additionally useful. You have remained in right site to start getting this info. get the Character Is Destiny Inspiring Stories Every Young Person Should Know And Adult Remember John McCain partner that we have enough money here and check out the link.

You could purchase guide Character Is Destiny Inspiring Stories Every Young Person Should Know And Adult Remember John McCain or acquire it as soon as feasible. You could quickly download this Character Is Destiny Inspiring Stories Every Young Person Should Know And Adult Remember John McCain after getting deal. So, later than you require the ebook swiftly, you can straight acquire it. Its suitably unquestionably easy and so fats, isnt it? You have to favor to in this manner

My Dad, John McCain - Meghan McCain 2008-09-02

Presents a biography of the Arizona senator and former prisoner of war who has twice run for the presidency of the United States.

Faith of My Fathers - John McCain 2016-10-04

NEW YORK TIMES BESTSELLER • Senator John McCain's deeply moving memoir is the story of three generations of warriors and the ways that sons are shaped and enriched by their fathers. John McCain's grandfather, a four-star admiral and one of the navy's greatest commanders, led the strongest aircraft carrier force of the Third Fleet during World War II. McCain's father, also a four-star admiral, served as commander of all U.S. forces in the Pacific during the Vietnam War. It was in Vietnam that John McCain III faced the most difficult challenge of his life. A naval aviator, he was shot down over Hanoi in 1967. Recognized as the son of a top commander, McCain was tortured and imprisoned for five and a half years. Despite this, he refused Vietnamese offers of an early release. What McCain learned from his grandfather and father enabled him to survive those hard years. A testament to the power of human endurance, *Faith of My Fathers* is the story of three men who fought for their country with courage and emerged with their honor intact. Praise for *Faith of My Fathers* "A thoughtful first-person take on survival, both physical and psychological . . . hard to top and impossible to read without being moved."—USA Today "A candid, moving, and entertaining memoir . . . impressive and inspiring, the story of a man touched and molded by fire who loved and served his country in a time of great trouble, suffering, and challenge."—Kirkus Reviews "A serious, utterly gripping account of faith, fathers, and the military."—Publishers Weekly (starred review) "Faith of My Fathers may also appeal to those who flocked to *Saving Private Ryan* and kept Brokaw's *The Greatest Generation* near the top of the bestseller lists."—Library Journal "Faith of My Fathers is the powerful story of a war hero. In it we learn much of what matters most. As prisoner (and later Senator) McCain instructs us: Glory is not an end in itself, but rather a reward for valor and faith. And the greatest freedom and human fulfillment comes from engaging in a noble enterprise larger than oneself. *Faith of My Fathers* teaches deep truths that are valid in any age but that warrant special attention in our own."—William J. Bennett

John McCain - Marc Shapiro 2018-09-05

There's a lot people don't know about John McCain. They know the war hero, the prisoner of war. Those are the things that have made the headlines and the history books. But there is also the John McCain, working statesman, who has spent two terms in the House of Representatives and six terms in the Senate, going about the business of creating bills and fighting the good fight on the Senate floor for the benefit of the people and the country. It is from that McCain that this book

takes its cue as it ventures into the specifics of his decades as the ultimate statesman doing the country's business. Written by New York Times Bestselling Author Marc Shapiro, *John McCain: A View From The Hill* delves into McCain's character, demeanor, his ability to craft bills and legislation that he cares about and ramrod them through the slippery slope of politics and into law. Through extensive research and exclusive one-on-one interviews with McCain's colleagues and foes, award-winning journalists and, in one instance, the observations of a man who had a front row seat for McCain's most challenging political moment, Shapiro probes McCain's ability to get along with Republicans and Democrats alike. The book looks at his uncompromising willingness to fight the presidential powers that be if he did not agree with them, the two rough and tumble presidential campaigns he lived through at a time when politics was entering a particularly ugly phase, and the long simmering feud with current President Donald Trump which finally exploded. If you think you know the life of John McCain, it is time to check your preconceptions. Because *John McCain: A View From The Hill* is about to take you deep inside a place you've never been before: How a historically significant man and politician has earned his stripes as a statesman for the ages. John McCain knew how to take care of business and this is how he did it.

Philosophy for Life and Other Dangerous Situations -

Jules Evans 2013-10-15

When philosophy rescued him from an emotional crisis, Jules Evans became fascinated by how ideas invented over two thousand years ago can help us today. He interviewed soldiers, psychologists, gangsters, astronauts, and anarchists and discovered the ways that people are using philosophy now to build better lives. Ancient philosophy has inspired modern communities – Socratic cafés, Stoic armies, Epicurean communes – and even whole nations in the quest for the good life. This book is an invitation to a dream school with a rowdy faculty that includes twelve of the greatest philosophers from the ancient world, sharing their lessons on happiness, resilience, and much more. Lively and inspiring, this is philosophy for the street, for the workplace, for the battlefield, for love, for life.

American Dreams - Marco Rubio 2015-10-06

In 1956, presidential-hopeful Marco Rubio's parents came to America as poor immigrants and found a land of opportunity where anyone could build a better future. But now the American Dream is on life support. Millions of Americans have been left behind by an economy that doesn't value their skills and a government that would rather give them a handout than a hand up. In *American Dreams* Rubio offers a roadmap for restoring the land of opportunity. He explains why America now stands at a critical junction and offers a detailed economic plan to help rebuild it.

McCain: The Myth of a Maverick - Matt Welch 2007-10-16

John McCain is one of the most familiar, sympathetic, and overexposed figures in American politics, yet his concrete governing philosophy and actual track record have been left curiously unexamined, mostly because of the massive distractions in his official biography, but also because of his ingenious strategy of talking ad infinitum to each and every access-craving media person who happens by. The more he has spouted, the less journalists have bothered trying to see through the fog. McCain gives the public what it wants but can't find -- a flesh-and-bones political portrait of a man onto whom people are forever projecting their own ideological fantasies. It is a psychological key for decoding his allegedly 'maverick' actions. McCain will quickly lay out in overlapping detail the root cause of the senator's worldview: his personal transformation from underachieving punk to war hawk uber-patriot, in which he used the "higher power" of American nationalism to save his life and soul. McCain looks behind the war hero, behind the maverick reformer. Journalist and pundit Matt Welch brings to this project an investigative eye and a coolly analytical mindset to provide Republicans, Democrats and Independents a picture of the man.

Change We Can Believe In - Obama for Change 2008-09-08

At this defining moment in our history, Americans are hungry for change. After years of failed policies and failed politics from Washington, this is our chance to reclaim the American dream. Barack Obama has proven to be a new kind of leader—one who can bring people together, be honest about the challenges we face, and move this nation forward. *Change We Can Believe In* outlines his vision for America. In these pages you will find bold and specific ideas about how to fix our ailing economy and strengthen the middle class, make health care affordable for all, achieve energy independence, and keep America safe in a dangerous world. *Change We Can Believe In* asks you not just to believe in Barack Obama's ability to bring change to Washington, it asks you to believe in yours.

Success Built to Last - Jerry Porras 2007-08-28

The phenomenal follow-up to the bestselling *Built to Last* Imagine discovering what successful people have in common, distilling it into a set of simple practices, and using them to transform your career and your life. That's what Jerry Porras, Stewart Emery, and Mark Thompson, leading thinkers in organizational development and self-improvement, have done in *Success Built to Last*. Two hundred remarkable people are included, notably: -Jeff Bezos, founder and CEO, Amazon.com - Warren Buffett -Bill Clinton -Frances Hesselbein, former CEO, Girl Scouts of America -Maya Angelou -Bill Gates Each shares how he or she harvested victories, learned from failures, and found the courage to be true to their passions. By following a set of simple principles culled from these inspiring interviews, readers can transform their business and personal lives, and discover the true meaning of success.

Faith of My Fathers - John McCain 2000-03-07

NEW YORK TIMES BESTSELLER • Senator John McCain's deeply moving memoir is the story of three generations of warriors and the ways that sons are shaped and enriched by their fathers. John McCain's grandfather, a four-star admiral and one of the navy's greatest commanders, led the strongest aircraft carrier force of the Third Fleet during World War II. Character Trouble - John M. Doris 2021-11-18

John M. Doris has been a leading proponent of interdisciplinary approaches to moral psychology for decades. His work has transformed the way in which philosophers approach questions of character, virtue, and agency. This selection of his work focuses on the ways in which human personality orders (or fails to order) moral cognition and behaviour.

Caged Heroes - Jon Couch 2011-11-11

Caged Heroes - American POW Experiences from the American Revolution to the Present is snapshot of four hundred years of hostage and prisoner of war experiences. *Caged Heroes* details prisoners experiences from the moment they are told to put their hands up, through their detentions, and culminating in their releases. It examines the successes and failures of the United States government to prepare its forces for prisoner events; discussing survival schools, rules on how prisoners are told to act while in captivity and glimpses of how being taken prisoner effects the prisoners and guards alike. Using numerous personal interviews and diaries of former prisoners (and their spouses), the reader gets a rare look at the horrors these men and women experienced. Containing an extensive bibliography and complete POW rosters from several conflicts, this book will add to any casual readers knowledge and serve as a top reference for those wanting to understand more about this misunderstood field.

Focus On: 100 Most Popular 20Th-century American Politicians - Wikipedia contributors

Redemption - Nicholas Lemann 2007-08-21

A century after Appomattox, the civil rights movement won full citizenship for black Americans in the South. It should not have been necessary: by 1870 those rights were set in the Constitution. This is the story of the terrorist campaign that took them away. Nicholas Lemann opens his extraordinary new book with a riveting account of the horrific events of Easter 1873 in Colfax, Louisiana, where a white militia of Confederate veterans-turned-vigilantes attacked the black community there and massacred hundreds of people in a gruesome killing spree. This was the start of an insurgency that changed the course of American history: for the next few years white Southern Democrats waged a campaign of political terrorism aiming to overturn the Fourteenth and Fifteenth Amendments and challenge President Grant's support for the emergent structures of black political power. The remorseless strategy of well-

financed "White Line" organizations was to create chaos and keep blacks from voting out of fear for their lives and livelihoods. Redemption is the first book to describe in uncompromising detail this organized racial violence, which reached its apogee in Mississippi in 1875. Lemann bases his devastating account on a wealth of military records, congressional investigations, memoirs, press reports, and the invaluable papers of Adelbert Ames, the war hero from Maine who was Mississippi's governor at the time. When Ames pleaded with Grant for federal troops who could thwart the white terrorists violently disrupting Republican political activities, Grant wavered, and the result was a bloody, corrupt election in which Mississippi was "redeemed"—that is, returned to white control. Redemption makes clear that this is what led to the death of Reconstruction—and of the rights encoded in the Fourteenth and Fifteenth Amendments. We are still living with the consequences.

Character Is Destiny - John McCain 2017-10-10

NEW YORK TIMES BESTSELLER • Senator John McCain tells the stories of celebrated historical figures and lesser-known heroes whose values exemplify the best of the human spirit. He illustrates these qualities with moving stories of triumph against the odds, hope in adversity, and sacrifices for a cause greater than self-interest. Among the heroes of exemplary character we meet are • Pat Tillman, whose patriotism obliged him to leave the riches and celebrity of the NFL for a soldier's life in defense of his country • Winston Churchill, who, in a renowned eighteen-word remark, counseled schoolboys to "never give up" • the Catholic priest in Auschwitz who offered to take a condemned man's place • a nun, formerly a comfortable Beverly Hills housewife, who works with prisoners in Mexico's worst jails • George Washington, whose wisdom and hard-earned self-control helped him survive the chaos of war *Character Is Destiny* is McCain's moving and eloquent tribute to men and women who have lived truthfully, and whose stories will stir the hearts of young and old alike and help prepare us for the hard work of choosing our own destinies. Praise for *Character Is Destiny* "An eclectic collection of heroes . . . [John McCain] will be remembered in a volume like this some day."—The Washington Post Book World "Uplifting . . . inspiring . . . The lessons of these people's lives are as relevant to adults as to children."—Minneapolis Star Tribune "McCain can surprise you, and *Character Is Destiny* surprises in the diversity of its cast."—Houston Chronicle "McCain has made a declaration of values that liberals can embrace as readily as conservatives."—Publishers Weekly (starred review)

The Rotarian - 2007-02

Established in 1911, *The Rotarian* is the official magazine of Rotary International and is circulated worldwide. Each issue contains feature articles, columns, and departments about, or of interest to, Rotarians. Seventeen Nobel Prize winners and 19 Pulitzer Prize winners — from Mahatma Gandhi to Kurt Vonnegut Jr. — have written for the magazine.

How to Hire a Champion - David Snyder 2009-01-22

How to Hire a Champion draws on author David Snyder's interviews with the best performance and hiring experts nationwide. This book will help all leaders to build. . . . A better model and process for selecting and retaining high-performing individuals. . . . Stronger teams and a customer-centered, results-driven culture. . . . A self-directed 'culture of greatness' where top performers and top managers in all departments help and inspire each other.

Martin Luther King Jr. and the Speech that Inspired the World - Erin Staley 2014-07-15

Many leaders have made a tremendous difference in the civil rights movement and beyond, but no one stands out like Martin Luther King Jr. This captivating narrative

captures the charisma, passion, and influence of this leader with a thorough description of key events that depict the tumultuous times in which he struggled to make great changes. Quotes from his most inspiring speeches emphasize his mastery of language. Readers will also learn about some of the major life events that shaped his views and inspired his iconic "I Have a Dream" speech, which transformed a nation and resounds even now.

Born Reading - Kathleen Krull 2023-08-01

Once books kick-start their brains, girls change history. Discover the foundation of reading that empowered some of the world's most influential women in this informative and inspirational illustrated middle grade collection of twenty biographies. What do Cleopatra, Audre Lorde, and Taylor Swift have in common? They're all influential women who grew up doing one very important thing: reading. This collection of short-form biographies tells the story of twenty groundbreaking women and how their childhood reading habits empowered them to change the world. From Cleopatra to Sally Ride to Amanda Gorman, the women featured in this collection are from all throughout history and all kinds of backgrounds. They are women who have and who continue to change the game in STEM, literature, politics, sports, and more. Most importantly, they are women who were born to read. For some, reading was forbidden, but they taught themselves to read anyway. For some, reading was a struggle, but they practiced and grew to love it. For some, reading was an escape from difficult realities. For all, reading was empowering.

How To Hire a Champion (Volume 2 of 2) (EasyRead Super Large 24pt Edition) -

The Defining Moment - Jonathan Alter 2007-05-08

In this dramatic and authoritative account, the author shows how Franklin Delano Roosevelt used his famous "fear itself" speech and the first 100 days in office to lift the country from despair and paralysis and transform the American presidency.

Worth the Fighting for - John McCain 2002

In 1999, John McCain wrote one of the most acclaimed and bestselling memoirs of the decade, *Faith of My Fathers*. That book ended in 1972, with McCain's release from imprisonment in Vietnam. This is the rest of his story, about his great American journey from the U.S. Navy to his electrifying run for the presidency, interwoven with heartfelt portraits of the mavericks who have inspired him through the years—Ted Williams, Theodore Roosevelt, visionary aviation proponent Billy Mitchell, Marlon Brando in *Viva Zapata!*, and, most indelibly, Robert Jordan. It was Jordan, Hemingway's protagonist in *For Whom the Bell Tolls*, who showed McCain the ideals of heroism and sacrifice, stoicism and redemption, and why certain causes, despite the costs, are . . . *Worth the Fighting For* After five and a half years as a prisoner of war in Vietnam, naval aviator John McCain returned home a changed man. Regaining his health and flight-eligibility status, he resumed his military career, commanding carrier pilots and serving as the navy's liaison to what is sometimes ironically called the world's most exclusive club, the United States Senate. Accompanying Senators John Tower and Henry "Scoop" Jackson on international trips, McCain began his political education in the company of two masters, leaders whose standards he would strive to maintain upon his election to the U.S. Congress. There, he learned valuable lessons in cooperation from a good-humored congressman from the other party, Morris Udall. In 1986, McCain was elected to the U.S. Senate, inheriting the seat of another role model, Barry Goldwater. During his time in public office, McCain has seen acts of principle and acts of craven self-interest. He describes both extremes in these pages, with his characteristic straight talk and humor. He writes honestly of the lowest point

in his career, the Keating Five savings and loan debacle, as well as his triumphant moments—his return to Vietnam and his efforts to normalize relations between the U.S. and Vietnamese governments; his fight for campaign finance reform; and his galvanizing bid for the presidency in 2000. Writes McCain: "A rebel without a cause is just a punk. Whatever you're called—rebel, unorthodox, nonconformist, radical—it's all self-indulgence without a good cause to give your life meaning." This is the story of McCain's causes, the people who made him do it, and the meaning he found. *Worth the Fighting For* reminds us of what's best in America, and in ourselves.

John McCain - Tom Robinson 2010

Highlights the life, military accomplishments, and political career of the Arizona senator and former prisoner of war who has twice run for the presidency of the United States, once in 2000 and again in 2008.

The Vast Right-Wing Conspiracy's Dossier on Hillary Clinton - Amanda B. Carpenter 2016-05-03

Written in the style and format of the "New York Times" bestseller "The Official Handbook of the Vast Right-Wing Conspiracy," this expose is full of fresh reporting, devastating quotes, scandalous stories, funny sidebars, and forgotten but telling incidents from Hillary's past.

Beyond New Media - Art Herbig 2014-11-14

Beyond New Media: Discourse and Critique in a Polymediated Age examines a host of differing positions on media in order to explore how those positions can inform one another and build a basis for future engagements with media theory, research, and practice. Herbig, Herrmann, and Tyma have brought together a number of media scholars with differing paradigmatic backgrounds to debate the relative applicability of existing theories and in doing so develop a new approach: polymediation. Each contributor's disciplinary background is diverse, spanning interpersonal communication, media studies, organizational communication, instructional design, rhetoric, mass communication, gender studies, popular culture studies, informatics, and persuasion. Although each of these scholars brings with them a unique perspective on media's role in people's lives, what binds them together is the belief that meaningful discourse about media must be an ongoing conversation that is open to critique and revision in a rapidly changing mediated culture. By studying media in a polymediated way, *Beyond New Media* addresses more completely our complex relationship to media(tion) in our everyday lives.

An American Son - Marco Rubio 2012-06-19

Few politicians have risen to national prominence as quickly as Marco Rubio. Here is the full story of his unlikely journey. Florida Senator Marco Rubio electrified the 2012 Republican National Convention by telling the story of his parents, who were struggling immigrants from Cuba. They embraced their new country and taught their children to appreciate its unique opportunities. Every sacrifice they made over the years, as they worked hard at blue-collar jobs in Miami and Las Vegas, was for their children. Young Marco grew up dreaming about football, not politics. In this fascinating memoir, he reveals how he ended up running for the West Miami City Commission, and then the Florida House of Representatives. In just six years he rose to Speaker of the Florida House. He then won his U.S. Senate campaign as an extreme long shot. Now Rubio speaks on the national stage about the better future that's possible if we return to our founding principles. In that vision, as in his family's story, Rubio proves that the American Dream is still alive for those who pursue it.

Thirteen Soldiers - John McCain 2015-11-17

"John McCain's ... history of Americans at war, told through the personal accounts of thirteen remarkable soldiers who fought in major military conflicts from the

Revolutionary War of 1776 to the wars in Iraq and Afghanistan"--Amazon.com.

Hard Call - John McCain 2007-08-14

America's most inspiring politician pays tribute to men and women who have exhibited composure, wisdom and intellect in the face of tough decisions. John McCain draws from experiences of both extraordinary people and people in extraordinary circumstances, culling lessons about the process and nature of judicious and effective decision-making. Acclaimed authors John McCain and Mark Salter describe the anatomy of great decisions in history by telling the remarkable stories of men and women who have exemplified composure, wisdom, and intellect in the face of life's toughest decisions. They identify six qualities typically represented in the best decisions: Awareness. Timing. Foresight. Confidence. Humility. Inspiration. These qualities are personified by the exceptional individuals in this book, each of whom made a hard call, including: Henry Ford's decision to sacrifice his company's competitive edge by reducing the work day and guaranteeing a minimum wage; Branch Rickey's decision to offer Jackie Robinson a contract to play for the Brooklyn Dodgers in the face of public opposition; Ellen Johnson-Sirleaf 's decision to return to wartorn Liberia after receiving an economics degree from Harvard; General Fred Weyand's decision to redeploy fifteen of his battalions despite resistance from senior American military commanders in Vietnam. Woven into these stories are John McCain's own views on the process and art of decision-making and examples of the hard calls we face in our lives. "When I assess a decision," McCain writes, "I want to know all I can about the character of the decision maker before I examine the properties of the decision, its outcome or how it was arrived at." *Hard Call* is a testament to the people whose choices serve as a beacon for us all.

The Restless Wave - John McCain 2019-05-21

#1 NEW YORK TIMES BESTSELLER "History matters to McCain, and for him America is and was about its promise. The book is his farewell address, a mixture of the personal and the political. 'I have loved my life,' he writes. 'All of it.' *The Restless Wave* is a fitting valedictory for a man who seldom backed down." —The Guardian (US) "A book-length meditation on what it means to face the hard challenges of long life and the sobering likelihood of imminent death...A reflection on hardship, a homily on purpose, a celebration of life — and a challenge to Americans to live up to their values and founding principles at a time when both are in jeopardy." —The Boston Globe In this candid political memoir from Senator John McCain, an American hero reflects on his life and what matters most. "I don't know how much longer I'll be here. Maybe I'll have another five years...Maybe I'll be gone before you read this. My predicament is, well, rather unpredictable. But I'm prepared for either contingency, or at least I'm getting prepared. I have some things I'd like to take care of first, some work that needs finishing, and some people I need to see. And I want to talk to my fellow Americans a little more if I may." So writes John McCain in this inspiring, moving, frank, and deeply personal memoir. Written while confronting a mortal illness, McCain looks back with appreciation on his years in the Senate, his historic 2008 campaign for the presidency against Barack Obama, and his crusades on behalf of democracy and human rights in Eastern Europe and the Middle East. Always the fighter, McCain attacks the spurious nationalism and political polarization afflicting American policy. He makes an impassioned case for democratic internationalism and bi-partisanship. He recalls his disagreements with several presidents, and minces no words in his objections to some of President Trump's statements and policies. At the same time, he tells stories of his most satisfying moments of public service and offers a positive vision of America that looks

beyond the Trump presidency. The Restless Wave is John McCain at his best.

Teaching How to Learn in a What-to-Learn Culture - Kathleen R. Hopkins 2010-04-12

Practical ideas for teaching students the skills they need to really learn This vital teachers' resource answers such questions as "Can intelligence be developed? Do teacher expectations shape student learning? How can I make learning 'stick' for my students?" Drawing from theory and research in learning, this book offers clear, practical guidance along with inspirational ideas to show how teachers can enable students to gain both the cognitive competence and confidence needed to succeed academically. Offers techniques for students to develop their reading, writing, and math abilities Provides suggestions for helping students build perseverance and diligent work habits Helps cultivate students' reasoning skills for problem solving Includes ideas for teachers to improve their students' verbal and written skills The book applies to any and all learners, including special needs students, and is richly illustrated with stories, activities, and examples from across the curricula.

American Presidents at War - Thomas P. Athridge 2017-09-12

American Presidents At War is an analysis of how the Commanders-in-Chief of the United States have dealt with wartime conflicts during their years in office, from the Revolutionary War to the 21st-century War on Terror. Drawn from speeches, interviews, and the collections of the Library of Congress, this detailed review of Presidential actions is presented in relation to the actions following the terrorist attacks on September 11th, 2001.

Deep Leadership - Joe Macinnis 2012-09-04

In this new twist on a topic of perennial interest, Joe MacInnis shows how the leadership traits forged in extraordinary circumstances are transferrable to our everyday lives. Simply put, this is a handbook for building character. Some people are born leaders. The rest of us find ourselves in positions where leadership is required. Self-described "accidental leader" Dr. Joe MacInnis found himself in such a situation: deep beneath the ice of the Arctic Ocean. Starting with his undersea explorations, this physician, scientist, author and motivational speaker shares an accessible--and obtainable--list of leadership traits inspired by his own journey and the icons he's learned from over the years. Deep Leadership is an eminently digestible book with short lessons and anecdotes. Think Rework meets Iacocca. Its centre is the author's 12 "Essential Traits of Leadership": Cool Competence, Powerful Presentations, Physical Toughness, Hot-Zone Humour, Mental Resilience, Strategic Imagination, High-Empathy Communication, Enduring Trust, Fierce Ingenuity, Team Genius, Resolute Courage and Warrior's Honour. Each trait is communicated with an anecdote from MacInnis's experience, making it totally memorable. MacInnis also gives the reader a primer to navigate his or her own path toward leadership, including such practices as keeping a journal, building a library, and finding mentors.

Gabrielle Petit - Sophie De Schaepdrijver 2015-02-26

In central Brussels stands a statue of a young woman. Built in 1923, it is the first monument to a working-class woman in European history. Her name was Gabrielle Petit. History has forgotten Petit, an ambitious and patriotic Belgian, executed by firing squad in 1916 for her role as an intelligence agent for the British Army. After the First World War she was celebrated as an example of stern endeavour, but a hundred years later her memory has faded. In the first part of this historical biography Sophie De Schaepdrijver uses Petit's life to explore gender, class and heroism in the context of occupied Europe. Petit's experiences reveal the reality of civilian engagement under military

occupation and the emergence of modern espionage. The second part of the book focuses on the legacy and cultural memory of Petit and the First World War. By analysing Petit's representation in ceremony, discourse and popular culture De Schaepdrijver expands our understanding of remembrance across the 20th century.

The Rhetoric of American Exceptionalism - Jason A. Edwards 2014-01-10

The American experience has been defined, in part, by the rhetoric of exceptionalism. This book of 11 critical essays explores the notion as it is manifested across a range of contexts, including the presidency, foreign policy, religion, economics, American history, television news and sports. The idea of exceptionalism is explored through the words of its champions and its challengers, past and present. By studying how the principles of American exceptionalism have been used, adapted, challenged, and even rejected, this volume demonstrates the continued importance of exceptionalism to the mythology, sense of place, direction and identity of the United States, within and outside of the realm of politics. Instructors considering this book for use in a course may request an examination copy here.

Intrepid - Bill White 2009-09-08

The first official history of the legendary aircraft carrier that fought in World War II and Vietnam and continues to serve as a major air and space museum in New York City The USS Intrepid is a warship unlike any other. Since her launching in 1943, the 27,000-ton, Essex-class aircraft carrier has sailed into harm's way around the globe. During World War II, she fought her way across the Pacific--Kwajalein, Truk, Peleliu, Formosa, the Philippines, Okinawa--surviving kamikaze and torpedo attacks and covering herself with glory. The famous ship endured to become a Cold War attack carrier, recovery ship for America's first astronauts, and a three-tour combatant in Vietnam. In a riveting narrative based on archival research and interviews with surviving crewmen, authors Bill White and Robert Gandt take us inside the war in the Pacific. We join Intrepid's airmen at the Battle of Leyte Gulf, in October 1944, as they gaze in awe at the apparitions beneath them: five Japanese battleships, including the dreadnoughts Yamato and Musashi, plus a fleet of heavily armored cruisers and destroyers. The sky fills with multihued bursts of anti-aircraft fire. The flak, a Helldiver pilot would write in his action report, "was so thick you could get out and walk on it." Half a dozen Intrepid aircraft are blown from the sky, but they sink the Musashi. A few months later, off Okinawa, they again meet her sister ship, the mighty Yamato. In a two-hour tableau of hellfire and towering explosions, Intrepid's warplanes help send the super-battleship and 3,000 Japanese crewmen to the bottom of the sea. We're next to nineteen-year-old Alonzo Swann in Gun Tub 10 aboard Intrepid as he peers over the breach of a 20-mm anti-aircraft gun. He's heard of kamikazes, but until today he's never seen one. Swann and his fellow gunners are among the few African Americans assigned to combat duty in the U.S. Navy of 1944. Blazing away at the diving Japanese Zero, Swann realizes with a dreadful certainty where it will strike: directly into Gun Tub 10. The authors follow Intrepid's journey to Vietnam. "MiG-21 high!" crackles the voice of Lt. Tony Nargi in his F-8 Crusader. It is 1968, and Intrepid is again at war. Launching from Yankee Station in the Tonkin Gulf, Nargi and his wingman have intercepted a flight of Russian-built supersonic fighters. Minutes later, after a swirling dogfight over North Vietnam, Nargi--and Intrepid--have added another downed enemy airplane to their credit. Intrepid: The Epic Story of America's Most Legendary Warship brings a renowned ship to life in a stirring tribute complete with the personal recollections of those who served aboard her, dramatic photographs, time lines, maps, and vivid descriptions of

Intrepid's deadly conflicts. More than a numbers-and-dates narrative, Intrepid is the story of people—those who sailed in her, fought to keep her alive, perished in her defense—and powerfully captures the human element in this saga of American heroism.

The Luckiest Man - Mark Salter 2021-11-16

A "moving and lucidly written memoir" (The Wall Street Journal) of the late Senator John McCain from one of his closest and most trusted confidants, friends, and political advisors. More so than almost anyone outside of McCain's immediate family, Mark Salter had unparalleled access to and served to influence the Senator's thoughts and actions, cowriting seven books with him and acting as a valued confidant. Now, in *The Luckiest Man*, Salter draws on the storied facets of McCain's early biography as well as the later-in-life political philosophy for which the nation knew and loved him, delivering an intimate and comprehensive account of McCain's life and philosophy. Salter covers all the major events of McCain's life—his peripatetic childhood, his naval service—but introduces, too, aspects of the man that the public rarely saw and hardly knew. Woven throughout this narrative is also the story of Salter and McCain's close relationship, including how they met, and why their friendship stood the test of time in a political world known for its fickle personalities and frail bonds. Through Salter's revealing and "psychological portrait" (The Washington Post) of one of our country's finest public servants, McCain emerges as both the man we knew him to be and also someone entirely new. Glimpses of his restlessness, his curiosity, his courage, and sentimentality are rendered with sensitivity and care—as only Mark Salter could provide. The capstone to Salter's intimate and decades-spanning time with the Senator, *The Luckiest Man* is the authoritative last word on the stories McCain was too modest to tell himself and an influential life not soon to be forgotten.

Why Courage Matters - John McCain 2004-04-13

NEW YORK TIMES BESTSELLER • In this inspiring meditation on courage, Senator John McCain shares his most cherished stories of ordinary individuals who have risked everything to defend the people and principles they hold most dear. "We are taught to understand, correctly, that courage is not the absence of fear but the capacity for action despite our fears," McCain reminds us, as a way of introducing the stories of figures both famous and obscure that he finds most compelling—from the Nobel Peace Prize laureate Aung San Suu Kyi to Sgt. Roy Benavidez, who ignored his own well-being to rescue eight of his men from an ambush in the Vietnam jungle; from 1960s civil rights leader John Lewis, who wrote, "When I care about something, I'm prepared to take the long, hard road," to Hannah Senesh, who, in protecting her comrades in the Hungarian resistance against Hitler's SS, chose a martyr's death over a despot's mercy. These are some of the examples McCain turns to for inspiration and offers to others to help them summon the resolve to be both good and great. He explains the value of courage in both everyday actions and extraordinary feats. We learn why moral principles and physical courage are often not distinct quantities but two sides of the same coin. Most of all, readers discover how sometimes simply setting the right example can be the ultimate act of courage. Written by one of our most respected public figures, *Why Courage Matters* is that rare book with a message both timely and timeless. This is a work for anyone seeking to understand how the mystery and gift of courage can empower us and change our lives. Praise for *Why Courage Matters* "[John] McCain the man remains one of the most inspiring public figures of his generation."—The Washington Post Book World "Thrilling . . . John McCain's profiles in courage offer inspiration. . . . A marvelous collection of stories featuring honest-to-God

heroes."—Fort Worth Star-Telegram "Extraordinary . . . McCain proves how courage can change lives and improve the world."—New York Daily News "[McCain] is open and candid, a refuge from spin and arrogance."—The Washington Post "Wise words from a man who personifies courage."—The Sunday Oklahoman

Obama Vs. McCain - Barack Obama 2008

This book lists every legislation considered by the U.S. Senate between January 6, 1995 and May 22, 2008 and shows you how Senator Obama and Senator McCain voted on each of these issues.

Worth the Fighting For - John McCain 2002-09-24

NATIONAL BESTSELLER • Senator John McCain tells the story of his great American journey, from the U.S. Navy to his electrifying campaign for the presidency in 2000, interwoven with heartfelt portraits of the mavericks who have inspired him through the years. After five and a half years as a prisoner of war in Vietnam, naval aviator John McCain returned home a changed man. Regaining his health and flight-eligibility status, he resumed his military career, commanding carrier pilots and serving as the navy's liaison to what is sometimes ironically called the world's most exclusive club, the United States Senate. Accompanying Senators John Tower and Henry "Scoop" Jackson on international trips, McCain began his political education in the company of two masters, leaders whose standards he would strive to maintain upon his election to the U.S. Congress. There, he learned valuable lessons in cooperation from a good-humored congressman from the other party, Morris Udall. In 1986, McCain was elected to the U.S. Senate, inheriting the seat of another role model, Barry Goldwater. During his time in public office, McCain has seen acts of principle and acts of craven self-interest. He describes both extremes in these pages, with his characteristic straight talk and humor. He writes honestly of the lowest point in his career, the Keating Five savings and loan debacle, as well as his triumphant moments—his return to Vietnam and his efforts to normalize relations between the U.S. and Vietnamese governments; his fight for campaign finance reform; and his galvanizing bid for the presidency in 2000. Writes McCain: "A rebel without a cause is just a punk. Whatever you're called—rebel, unorthodox, nonconformist, radical—it's all self-indulgence without a good cause to give your life meaning." This is the story of McCain's causes, the people who made him do it, and the meaning he found. *Worth the Fighting For* reminds us of what's best in America, and in ourselves. Praise for *Worth the Fighting For* "When [John] McCain writes of people and patriotism, his pages shine with a devotion, a loving awe, that makes *Worth the Fighting For* worth the shelling out for. . . . McCain the man remains one of the most inspiring public figures of his generation."—Jonathan Rauch, The Washington Post "[An] unpredictable, outspoken memoir . . . a testimonial to heroism from someone who has first-hand knowledge of what it takes."—The New York Times

Hard Call - John McCain 2014-12-30

Like Winston Churchill and John F. Kennedy before him, John McCain asks the essential question all of us have faced, but any world leader must answer: how do you make the right decision when you are the only one who is responsible?

No Greater Love - John A. Siegfried 2022-09-30

The story of Philadelphia's only Medal of Honor recipient from the Vietnam War told here for the first time Michael Crescenz grew up in one of Philadelphia's booming post-war Catholic neighborhoods, distinguishing himself early on as a leader, brother and friend who fearlessly rose to the defense of others in need. The second of six sons born to a World War II veteran, Michael was known for his big smile, athletic abilities, toughness and fierce competitive spirit. Growing up, Michael's world revolved around his family, parish,

local playgrounds, and the bustling Catholic schools he attended from first grade through high school graduation. All these influences shaped the man he would become – the one who felt a sense of duty to serve his country and enlisted in the U.S. Army to do his part during the Vietnam War. He was in Vietnam barely two months when his unit, the 4th Battalion, 31st Infantry, was sent into battle against deeply entrenched enemy forces on Nui Chom Mountain, the fortress in the clouds tucked away in the far northwest corner of South Vietnam near the borders with North Vietnam and Laos. Commanders knew they were in for a fight, but didn't know the enemy had more than 250 machine gun bunkers deployed along the mountain's slopes. On November 20, 1968, Alpha Company was ambushed on the wet jungle mountainside, the NVA taking down the two men up front and pinning down the

rest with relentless fire. Thinking first of the danger to those around him, Private First Class Michael J. Crescenz picked up an M60 machine gun and charged the enemy bunkers. He did not survive but his actions saved the lives of his fellow soldiers and allowed them to advance and ultimately prevail. For his valor and sacrifice, Michael was posthumously awarded the Medal of Honor. No Greater Love tells this story from the perspective of those who loved Michael Crescenz most, close friends, family, Michael's commanding officer in Vietnam, retired Lieutenant General Sam Wetzel, and medic William "Doc" Stafford, the soldier closest to Michael when he was cut down by enemy fire and who believes to this day that he survived Nui Chom only because of the selfless actions of Private First Class Crescenz.
