ESPN - Travis Vogan 2015-10-15

Once a shoestring operation built on plywood sets and Australian rules football, ESPN has evolved into a media colossus. A genius for cross-promotion and its near-mystical rapport with its viewers empower the network to set agendas and create superstars, to curate sports history even as it mainstreams the latest cultural trends. Travis Vogan teams archival research and interviews with an all-star cast to pen the definitive account of how ESPN turned X's and O's into billions of \$\$\$\$. Vogan's institutional and cultural history focuses on the network since 1998, the year it launched a high-motor effort to craft its brand and grow audiences across media platforms. As he shows, innovative properties like SportsCentury, ESPN The Magazine, and 30 for 30 built the network's cultural caché. This credibility, in turn, propelled ESPN's transformation into an entity that lapped its run-of-the-mill competitors and helped fulfill its self-proclaimed status as the "Worldwide Leader in Sports." Ambitious and long overdue, *ESPN: The Making of a Sports Media Empire* offers an inside look at how the network changed an industry and reshaped the very way we live as sports fans.

The Horse God Built - Lawrence Scanlan
2010-04-01

The Horse God Built tells the amazing and heartwarming story of a Secretariat and the man who knew him best. Most of us know the legend of

Secretariat, the tall, handsome chestnut racehorse whose string of honors runs long and rich: the only two-year-old ever to win Horse of the Year, in 1972; winner in 1973 of the Triple Crown, his times in all three races still unsurpassed; featured on the cover of *Time*, *Newsweek*, and *Sports Illustrated*; the only horse listed on ESPN's top fifty athletes of the twentieth century (ahead of Mickey Mantle). His final race at Toronto's Woodbine Racetrack is a touchstone memory for horse lovers everywhere. Yet while Secretariat will be remembered forever, one man, Eddie "Shorty" Sweat, who was pivotal to the great horse's success, has been all but forgotten--until now. In *The Horse God Built*, bestselling equestrian writer Lawrence Scanlan has written a tribute to an exceptional man that is also a backroads journey to a corner of the racing world rarely visited. As a young black man growing up in South Carolina, Eddie Sweat struggled at several occupations before settling on the job he was born for--groom to North America's finest racehorses. As Secretariat's groom, loyal friend, and protector, Eddie understood the horse far better than anyone else. A wildly generous man who could read a horse with his eyes, he shared in little of the financial success or glamour of Secretariat's wins on the track, but won the heart of Big Red with his soft words and relentless devotion. In Scanlan's rich narrative, we get a groom's-eye view of the racing world and the vantage of a man who spent every possible moment with the horse he loved, yet who often basked in the horse's glory from the sidelines. More than anything else, *The Horse God Built* is a moving portrait of the powerful bond between human and horse.

Sham - Great Was Second Best - Phil Dandrea
2010-10-15

In early 1973, a sleek, sturdy bay named Sham was winning races by impressive margins as great as fifteen lengths. After defeating the mighty Secretariat in the Wood Memorial, many turf writers were touting Sham as the Kentucky Derby favorite. The stage was set for Sham-mania to sweep the country at a time when the nation needed a hero. But it was Secretariat who won over the nation. The chestnut colt known affectionately as Big Red, running under the white and blue silks of Meadow Stable, was the embodiment of the American flag. Despite impressive victories and record-breaking performances, Sham's popularity

paled in comparison. If Secretariat were America's horse, Sham might well have been everyman's horse, a working-class hero who couldn't get the recognition he deserved. This is the other side of the story of Secretariat's famous Triple Crown season and of his remarkable challenger who found that great was only second best.

The Big Red Horse - Lawrence Scanlan 2010-10-05
The world of horse racing is brought to life by Larry Scanlan, following the career of Secretariat and looking at the relationship between the horse and his beloved groom. Scanlan introduces young readers to the hierarchy of the track, from the hot walker to the owner to Secretariat, the fastest horse of the twentieth century. Secretariat was good - and he knew it. He didn't tolerate fools, and his groom knew just how to handle him, with lots of love and a firm hand. Eddie Sweat loved that horse, knew every muscle in his body, knew how to calm him

down, and knew when to hold firm. He drove him to races and flew with him to his ultimate home, the stud farm. Following Secretariat from the time he was born to the time he died, Scanlan presents a fascinating and engaging look at the partnership of Secretariat and Eddie Sweat - and at the racing world in general, complete with fun trivia facts about Secretariat.

EU Climate Policy Explained - Jos Delbeke
2015-10-05

The EU has been the region of the world where the most climate policies have been implemented, and where practical policy experimentation in the field of the environment and climate change has been taking place at a rapid pace over the last twenty-five years. This has led to considerable success in reducing pollution, decoupling emissions from economic growth and fostering global technological leadership. The objective of the book is to explain the EU's climate policies in an accessible way, to demonstrate the step-by-step approach that has been used to develop these policies, and the ways in which they have been tested and further improved in the light of experience. The book shows that there is no single policy instrument that can bring down greenhouse gas emissions, but the challenge has been to put a jigsaw of policy instruments together that is coherent, delivers emissions reductions, and is cost-effective. The book differs from existing books by the fact it covers the EU's emissions trading system, the energy sector and other economic sectors, including their development in the context of international climate policy. Set against the backdrop of the 2015 UN Climate Change conference in Paris, this accessible book will be of great relevance to students, scholars and policy makers alike.

The Fast Ride - Jack Gilden 2022-04

In an era of spectacular thoroughbreds, Spectacular Bid was perhaps the most exalted racehorse of them all. In 1979 he won the Kentucky Derby and the Preakness Stakes--and transcended his sport on a run of twelve consecutive stakes victories--but his quest for the Triple Crown was lost with a third-place finish in the Belmont Stakes due to a series of bizarre events that have never been accurately reported. In *The Fast Ride*, Jack Gilden tells the story of what really happened that day the Bid lost the biggest race of his life. Along the way, he introduces the reader to a cast of characters from the gilded age of late twentieth-century horse racing, from Bid's owners, the renowned Meyerhoff family, to Grover "Buddy" Delp, the fast-talking trainer, to teenage jockey Ronnie Franklin, whose meteoric rise to fame aboard Spectacular Bid came at the cost of his innocence and well-being. Also present are four of the era's magnificent Latino riders, Ángel Cordero Jr., Jacinto Vasquez, Georgie Velasquez, and Ruben Hernandez, who all felt the sting of rejection and bigotry during their long careers even as they found their way and raised the level of competition to a feverish pitch. Underlying Spectacular Bid's saga was a thin line between hard work and excess, including substance abuse, animal manipulation and doping, and race fixing. Hardly anyone in the horse's circle made it out unscathed or undamaged. *The Fast Ride* is the story of a great racehorse, unfulfilled dreams, the exhilaration and steep price of striving at all costs, and an American era in which getting everything you ever wanted could be the most empty and unfulfilling sensation of all.
